Outdoor
Freestanding/Floor Mounted

Experts in this field, we manufacture a market leading range of outdoor portable signs and displays.

Some of these can be large and heavy, so design is critical. Often used in busy pedestrianised areas, in close proximity to parked vehicles or on the kerbside close to passing traffic, safety and reliability is imperative. At the same time they need to be easy to move, in and out of store on a daily basis if required, and poster graphics where applicable must be simple and quick to update. Other than occasional extremes they need to withstand the best and worst of the British weather, year in, year out.

Outdoor freestanding signage, in the retail, service and hospitality sectors in particular, is a powerful tool in the drive to increase market share and sales. With measurable return on investment, top brands and retailers use them widely and consistently to influence consumer decisions and drive footfall. Tactical and multi-functional, they can act as a 'signpost' to your business whilst clearly communicating you are open for business. They can be particularly effective at influencing the impulse shopper.

Swinger (range overview)

Patent No. 2437991 & 2464773
UK Design Registration No. 2071096
EU Design Registration No. 001274229

Why is Swinger the UK's market leading pavement sign?

- Beautifully designed and engineered.
- Low centre of gravity for maximum stability.
- Quick and easy no tools assembly.
- Individually boxed and flat packed with instructions.
- Soft round styling for high pedestrian safety.
- Fully recyclable.

Optional clip-on Tactical Header (see page 12).

Patented D-Flex panel hangers allow for easy no tools panel fitting. Flexibility and low friction ensures panel performance.

Stylish steel frame available in black or white from stock. Custom colour frames available made to order (minimum order quantity 25).

Choice of aluminium panel or top-opening magnetic poster pocket (shown).

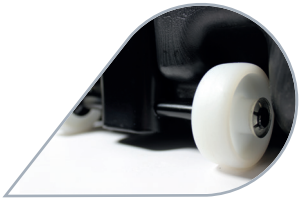
Solid recycled PVC (shown) or water-fillable HDPE polyethylene base options.

No Tools Assembly

- Simply push base onto frame.

OR

- For Swinger 2 simply lift frame through 90 degrees, straight from the box.



Built-In Wheels

- For ease of movement on heavier Swinger 3000 and 4000 models.

D-Flex Panel Hangers

- Friction-free panel movement.
- Unique design absorbs impact and protects the panel.

Hard-Wearing 'Black' Bases

- Solid recycled PVC on Eco Swinger and Swinger 2.
- Water-fillable polyethylene on Swinger 3000 and 4000 (shown).

Tactical Header

- Clip-on header available on all models.

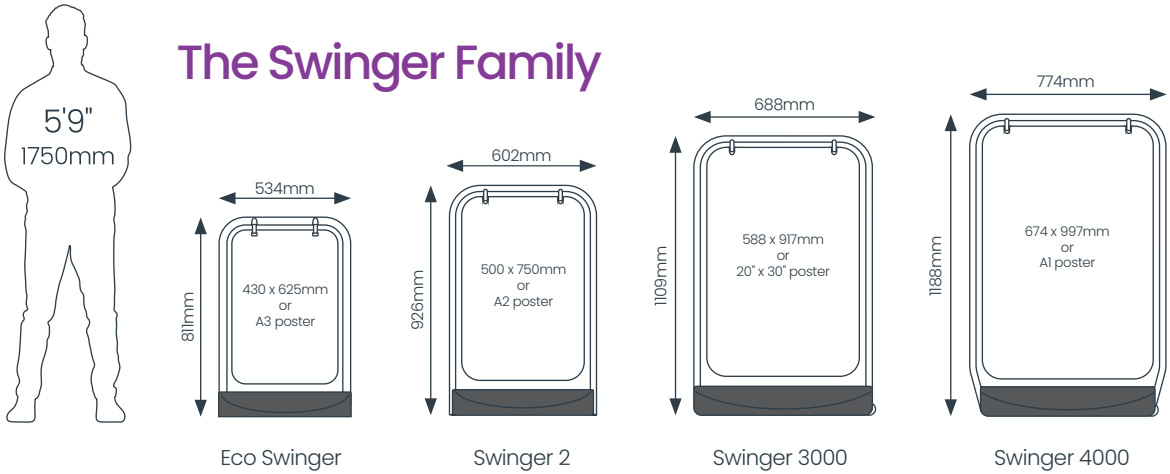
Powder Coated Steel Frames

- White and black stock options on all models.
- Custom colour frames available made to order (minimum order quantity 25).

Top Opening Poster Pockets

- Easy access poster change.
- Self closing magnetic seals provide excellent weather protection.
- Virtually no risk of poster loss.

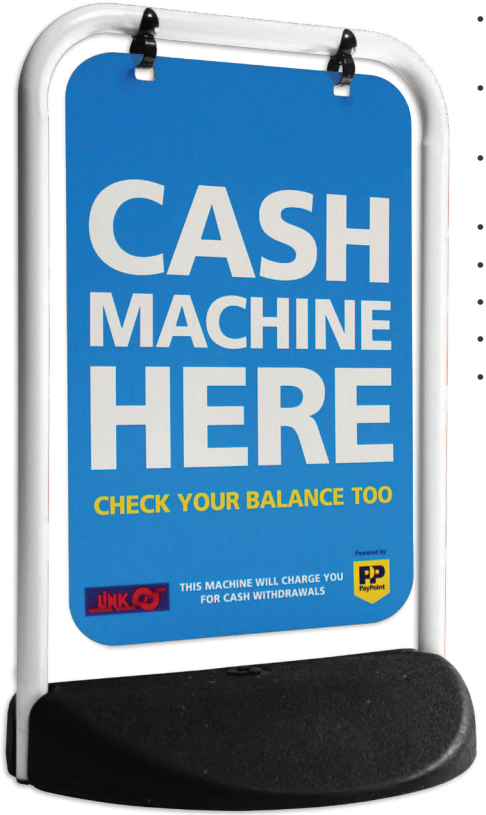
The Swinger Family



Eco Swinger

The smallest Swinger in our range.

Instruction Video



- Gloss white aluminium panel (430 x 625 x 0.9mm) – ideal for direct to surface print or vinyl graphics.
- Alternative top opening polycarbonate double sided A3 poster pocket with magnetic seals.
- Poster pocket designed with header area for permanent branding - ideal for either direct to surface print or vinyl graphics.
- Custom shaped aluminium panels available made to order (within 430 x 625mm).
- Stylish 32mm round steel tube frame – available in black or white from stock.
- Custom colour frames available made to order (minimum order quantity 25).
- Patented D-Flex panel hangers make panel fitting quick and easy.
- Solid black recycled PVC base provides excellent stability.
- Clip-on Tactical Headers also available, giving extra promotional space at minimal cost (see page 12).

Poster option with easy access top-opening poster pocket.

Effortless no tools assembly.

Fully Recyclable

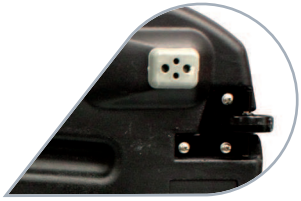
Turn your Booster into a Chalk A-Board with Chalk Insert Panels (for more information see page 43).

Sightmaster 3

Stylish spring mounted snapframe sign with advanced performance features.

- Available in two colour options with advanced style, stability and performance.
- Front opening aluminium snapframes for quick and easy poster change. Opening tool supplied for easy access.
- High strength Aluminium Composite Material back panel has smooth white surfaces for self adhesive vinyl graphics or liquid chalkpen messaging if posters are not in use.
- Unique water-fillable HDPE base with built-in wheels.
- Heavy duty spring mounts ensure stability by allowing panel deflection in the wind.
- Anti-glare poster cover sheets ensure clarity and vibrancy by protecting posters from UV fade.
- Soft round corners for safety.
- Transit trolley available to aid movement when base is full (30" x 40" and A0 sizes only).
- Ideal for forecourts, entrance approaches, car parks, retail outlets and shopping centres.
- Supplied with 2 piece spanner set.

Large base designed for use with our transit trolley (see page 42 for details).



Nylon feet reduce wear and increase stability on uneven surfaces.

Exclusive design base has optimised water capacity for advanced stability.

Higher specification corner brackets on 30" x 40" and A0 sizes.

Fully Recyclable

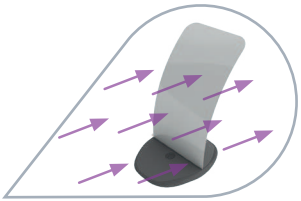
Ecoflex (range overview)

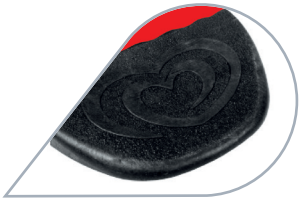
Economical and eco-friendly – ideal for pavement, roadside and forecourt promotions.

Ecoflexlite shown

Unique patented design. Incredibly secure - wedge simply slots through panel & locks into place.



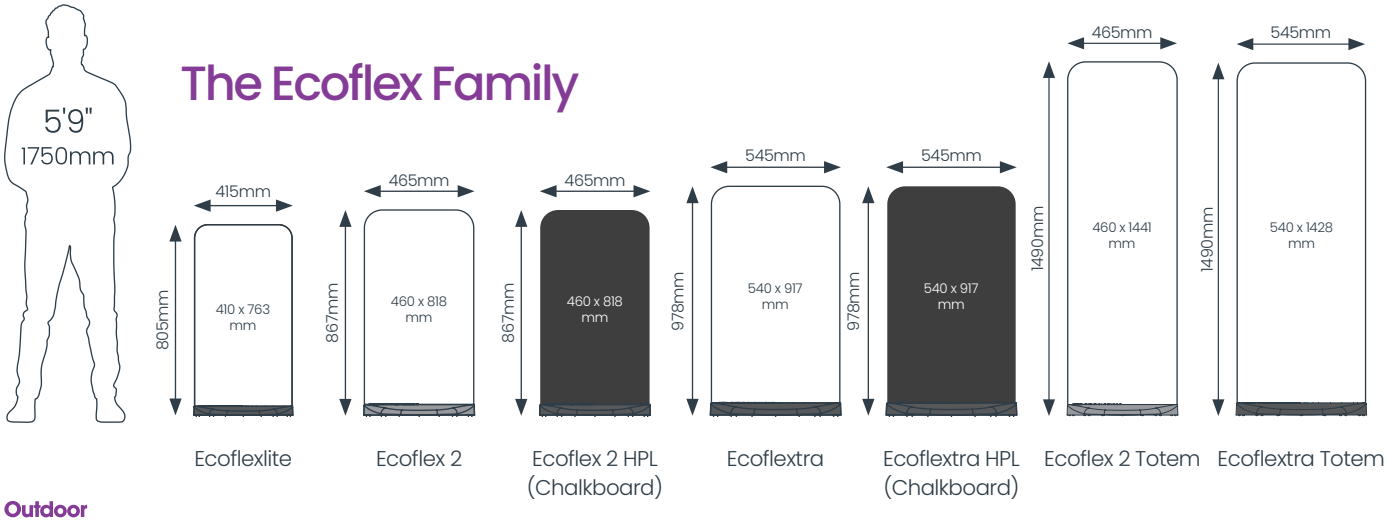
Ecoflex pavement signs tested to 60mph wind speeds (not Chalkboard or Totem options).



Bases with embossed logos available made to order (minimum order quantity 500).

- Fully recyclable.
- Lightweight, portable design.
- Gloss white aircraft grade aluminium panel - ideal for screen/digital print or vinyl graphics.
- Rounded corners for pedestrian safety.
- Maximum visual impact with optimised display area, plus panel shape opportunities.
- Option of black High Pressure Laminate chalkboard panels.
- Rugged recycled PVC base provides low centre of gravity and high stability.

The Ecoflex Family



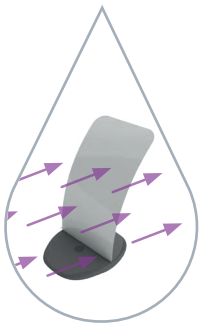
Ecoflexlite

Light on price, big on performance.

Instruction Video

- Ecoflexlite may be the smallest in our range, but it packs a punch with its 410mm x 763mm display area.
- Aircraft grade 0.9mm aluminium panel is ideal for screen/digital print or vinyl graphics.
- Unique patented wedge means assembly and disassembly in seconds with no tools required.
- Recycled PVC base provides great stability.
- Wind tested for maintenance-free use whatever the weather.
- Bases with embossed logos available made to order (minimum order quantity 500).

Wedge simply slots through panel and locks into place.



Tested to 60mph wind speeds.

Fully Recyclable

410 x 795	410 x 763	415 x 805 x 500	5.63	ECOFLEXLITE

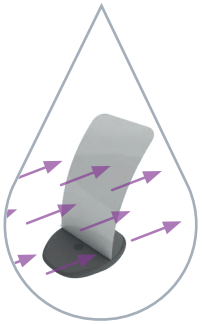
Ecoflex 2

The Nation's top-selling pavement sign.

Instruction Video

- The top selling individual pavement sign in the UK.
- Mid sized 460mm x 818mm display area.
- Aircraft grade 1.2mm aluminium panel is ideal for screen/digital print or vinyl graphics.
- Unique patented wedge means assembly and disassembly in seconds with no tools required.
- Recycled PVC base provides great stability.
- Aluminium panels wind tested for maintenance-free use whatever the weather.
- High Pressure Laminate chalkboard option also available.
- Bases with embossed logos available made to order (minimum order quantity 500).
- Optional custom shaped and oversized panels for maximum impact (minimum order quantity 25).

Wedge simply slots through panel and locks into place.



Tested to 60mph wind speeds (not Chalkboard option).

HPL chalkboard option available.

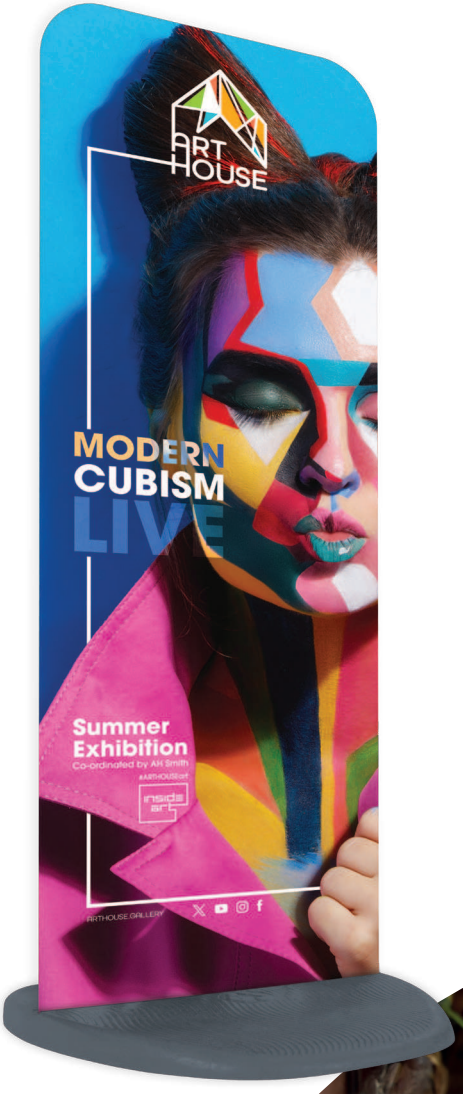
Ecoflex Chalkboard Panels

- 3mm High Pressure Laminate panel material is a tough writing surface ideal for traditional chalk and liquid chalk pens.
- Great for personalised messages, changing promotions and special offers.
- Options of branded panels using direct print or self adhesive vinyl.
- Liquid Chalk Pens available (see page 105).
- Chalkboard panels are available as standard on Ecoflex 2 and Ecoflextra models.

Note : Chalkboard panels can only be used in bases manufactured to suit a 3mm thick panel.

Ecoflex 2 Totem & Ecoflextra Totem

Extra tall panels for maximum impact. Suitable for indoor use, or for outdoor use when fully sheltered from wind.



- 3mm thick Aluminium Composite (ACM) panels.
- Ideal for screen/digital print or vinyl graphics.
- Unique patented wedge means assembly and disassembly in seconds with no tools required.
- Recycled PVC base offers good stability.
- Suitable for indoor use, or outdoor use when fully sheltered from the wind.
- Totem panels can **only** be used in Ecoflex 2 or Ecoflextra bases which are manufactured to suit a 3mm thick panel.
- Bases with embossed logos available made to order (minimum order quantity 500).

Fully Recyclable

Wedge simply slots through panel and locks into place.

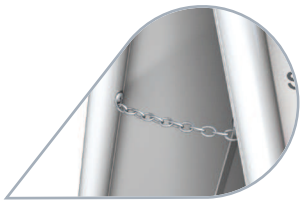
A-Board

A completely smooth panel for undisrupted vinyl/print application.

- Double sided 500 x 700mm display area.
- Fixing free aluminium panel surface ideal for screen/digital print or vinyl graphics.
- Folds flat for easy storage and portability.
- Steel tube frame (32mm diameter), powder coated white as standard.
- Supplied pre-assembled and ready for use.
- Custom colour frames available made to order (minimum order quantity 200).

Fully Recyclable

Rounded corners for style and safety.



Chrome oval chain maintains optimum leg angle.

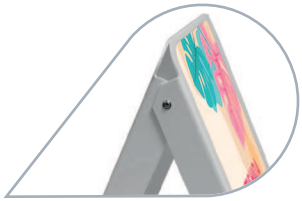
Display Area (mm)	O/A Dimensions (w x h x d mm)	Weight (kg)	Colour	Order Code
500 x 700	564 x 860 x 700	9	White	AB100W2FP

Budget A-Board

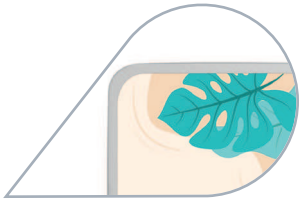
Our most economical A-Board.

- 3mm gloss white high impact polystyrene (HIPS).
- Double sided 480 x 812mm display area for self-adhesive vinyl graphics.
- Comes flat packed, pre-assembled with fixed hinges – simply adjust to the footprint that you require (maximum 680mm for optimum stability).
- Lightweight, folds flat for easy storage and portability.
- Rounded top corners for increased safety and style.
- Suitable for sheltered locations only.
- Chalkboard version available, suitable for use with Liquid Chalk Pens only (see page 105).

Fully Recyclable



Fixed hinge for adjustable open width.



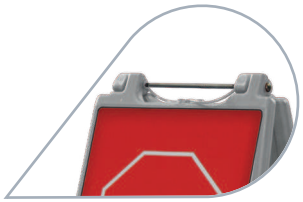
Rounded corners for added style and safety.

Display Area (mm)	O/A Dimensions (w x h x d mm)	Weight (kg)	Option	Order Code
480 x 812*	505 x 830 x 680	4.3	White	ABPSP
			Chalkboard	ABPSCB

*Recommended to allow 10mm border all round.

Waterbase A-Board

Our smallest A-Board offering.



Built-in carry handle

- Durable polyethylene construction.
- Water fill (6.5 litres) or sand fill for optimum stability.
- Lightweight when empty and folds flat for easy transportation and storage.
- Graphic area 320 x 559mm (sticker inlay required).
- Open to any required width up to 570mm.
- We recommend using high tack vinyl for graphics.
- Vinyl inlay print and application available.
- Custom colours available made to order (minimum order quantity 500).

Waterfill panels for stability.

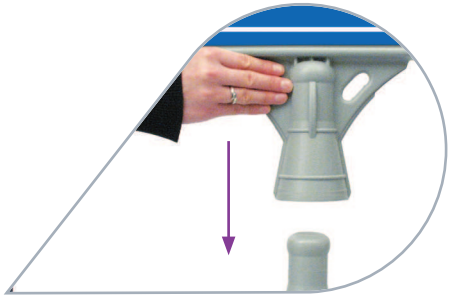
Fully Recyclable

Waterbase Pyramid

Eye catching double sided display pillar with sticker inlay graphic.

- Durable polyethylene construction.
- Water fill (5.5 litres) or sand fill for optimum stability.
- Simple push fit assembly.
- Graphic area 330 x 385mm with 12.5mm corner radius (sticker inlay required).
- Stands taller than most other pavement signs for eye catching double sided display.
- Supplied flat packed in 3 parts for ease of distribution.
- We recommend using high tack vinyl for graphics.
- Vinyl inlay print and application available.
- Custom colours available made to order (minimum order quantity 500).
- Barrier Ropes also available, see pages 114 and 202.

Fully Recyclable



Parts simply push together.

Sentinel® Banner

Recyclable: steel frame, part recycled polyethylene base, optional PVC banner

Forecourt sign with printed banner display.

- Steel frame with silver powder coated finish as standard.
- Custom colour frames available made to order (minimum order quantity 25).
- Black water-fillable polyethylene base, precisely calculated for optimum stability, made using recycled materials.
- Built in wheels and purpose designed trolley make it easy to move into position (see page 42 for details).
- Supplied complete with set of elasticated banner ties.
- Digitally printed double-sided banners available to order (750gsm reinforced light block PVC as standard).

Elasticated banner ties supplied.

Built-in wheels for ease of movement.

Purpose designed trolley and filling hose available (see page 42 for more details).

Banner Size (mm)	O/A Dimensions (w x h x d mm)	Weight (kg) Empty/Full	Order Code
742 x 996	935 x 1429 x 704	25/97	SEN34BANSTD + SEN34BASE

Sign Covers

Sleeves over a forecourt poster sign for high-visibility promotion and medium-term campaigns.

- Promotes new service offers, new products and new site ownership/rebranding.
- For medium-term promotions typically 3 to 12 months.
- Borderless printed designs provide up to 38% more display area than the posters they cover.
- Suitable for the following signs in all sizes - Sentinel®, Defender, Sightmaster 3 and Spring Sign.
- Tear-proof polyester reinforced PVC material and stitched seams for excellent outdoor performance.
- Tethering holes in lower edge to suit cable-tie or similar for optional added security.
- For forecourt, supermarket, retail, service, exhibition and leisure-site locations.
- Custom sizes available.

Easy-fit cover - sleeves over sign.

Tether holes in lower edge.

POW! Sign

Going above and beyond the standard rectangular poster or banner sleeve.

- Panel sleeve design enables easy and cost effective graphic updates.
- Maintenance free reinforced polypropylene sleeve (15mm thick).
- Vibrant, larger than life images for high impact promotion.
- Long range visibility to capture both pedestrians and motorists attention.
- Wholly customisable with endless text and image combinations.
- Made to order (see minimum order quantities on page 40).
- Freestanding - no groundwork needed.
- Water-fillable and concrete base options available.

Six stock colour water-fillable bases available made to order (minimum order quantity 10):

RAL 5013
Cobalt Blue

RAL 1003
Signal Yellow

RAL 3020
Traffic Red

RAL 6004
Blue Green

RAL 5015
Sky Blue

RAL 7016
Anthracite Grey

Recyclable: steel frame, steel fasteners, polyethylene base & steel axle

An innovation in large format double-sided signs, *POW!* delivers striking breakout shapes that are guaranteed to draw attention.

Custom Shape

- Ideal for breakout shapes and disruptive designs.

Trolley & Hose

- Purpose designed trolley & hose available separately (see page 42).

Panel

- Cost effective graphics, updatable in 1 minute.
- Panel slots into place effortlessly.

Base options

Waterfill Base

- Black water-fillable polyethylene.
- Built-in wheels for positioning (optional trolley available).
- Six stock colour bases available made to order (minimum order quantity 10).

Concrete Base

- For more permanent positioning.
- Lower cost material but generally higher distribution cost.

Bolt to Ground

- A permanent installation option.

POW!

Max Display Area: 1180mm x 1353mm (no minimum order quantity with waterfill base, minimum order quantity 10* with concrete base or bolt to ground frame).

POW! XL

Max Display Area: 1425mm x 1667mm (no minimum order quantity with waterfill base, minimum order quantity 10* with concrete base or bolt to ground frame).

Panel Fitting

*Replacement panels have no minimum order quantity.

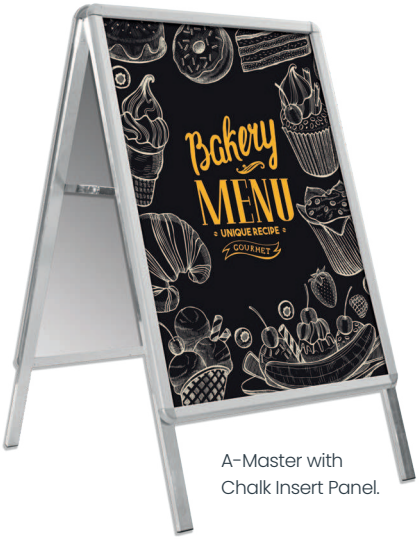
* Only used with old Sightmaster 2 units.

Chalk Insert Panels

Turn any poster display into a chalkboard display, with these simple and inexpensive insert panels.



A-Master with Chalk Insert Panel.

- High strength 500 micron black polypropylene (textured surface to front, smooth matt reverse).
- Suitable for use with Liquid Chalk Pens (see page 105).
- Suitable for screen/digitally printed graphics or vinyl application.
- Resistant to dirt and chemicals - stays looking new for longer.
- High temperature tolerance - long life even in outdoor use.
- Available in 3 stock sizes: A2, 20" x 30" and A1.
- Custom sizes available made to order (up to 650 x 1100mm).

A selection of products perfectly suited to Chalk Insert Panels:

Sightmaster 3 (page 18).

Swinger Poster Pocket (page 6).

Booster (page 17).

Slimlok Poster Case (page 90).

Snapframes (page 83).

Headlinerlite (page 147).

i-Stand (page 119).

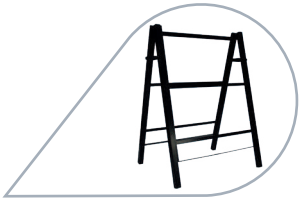
Premier A-Board

Unique design that leads the market on performance and functionality.

Instruction Video



Frame only also available.

Liquid Chalk Pens available for use with Chalkboard panels, see page 105.

Available in 2 sizes and 2 stock finishes with a choice of panel materials.

- 38mm x 38mm powder coated steel frame.
- Satin black and satin wood grain stock finishes.
- Unique hard-wearing rubber hinges allow feet to self-level on uneven surfaces and offer finger protection when handling.
- Reversible panels for added message flexibility and convenience.
- Fully assembled and ready for use straight out of the box.
- Custom colour frames available made to order (minimum order quantity 25).

Panel material options

- 3mm black high pressure chalkboard laminate - for traditional chalk or liquid chalk pens (see page 105).
- 3mm gloss white aluminium composite (ACM) - strong, light and very rigid.
- 5mm satin/matt white foam PVC - strong and lightweight.

Printed/shaped panel options.

- Custom shaped top edge available for all panel materials made to order (minimum order quantity 25).
- Direct to surface digital/screen print available.

Recyclable: Steel frame, steel stays, ACM panels, foam PVC panels

Stylish locking arms.

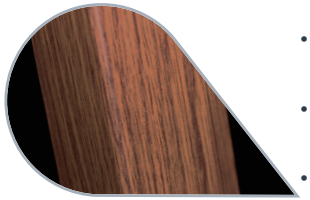
Hard wearing rubber hinges.

Slide-in reversible panels in **either...**

High pressure chalkboard laminate.

OR

White aluminium composite (ACM) or Foam PVC.



Wood Effect Finish

- Beautiful wood-grain patterned powder-coating in a satin sheen finish.
- Out performs real wood and maintains a high quality new wood appearance for longer.
- Other patterns/colours available (minimum order quantity and extended lead times apply).

Chalk A-Boards by Woodworkz®

Woodworkz® is our joinery-quality brand of in-house manufactured real wood sign and display products.

Large Premium Full Frame

Medium Premium Reversible

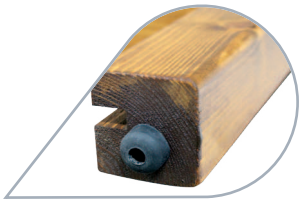
Small Standard Full Frame

We only use sustainable and certified timber sourced from approved sawmills and distributors.

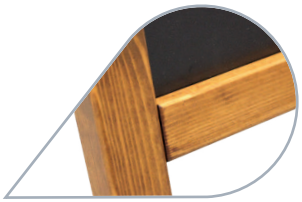
All models feature:

- 2-coat, low VOC, stained and satin lacquered for excellent weather protection.
- Stock 'Country Oak' finish.
- Good grain definition to emphasise real wood appeal.
- Single side locking-stay for stability on small and medium frames, 2 side locking-stays on large frames.
- Non-slip rubber feet.
- Precision mitres and joints – joinery quality.
- Hard-wearing laminate chalk panels for traditional chalk or liquid chalk pens (see page 105).
- Custom colour frames and sizes available made to order (minimum order quantity 10).

Liquid Chalk Pens available for use with Chalkboard panels (see page 105).

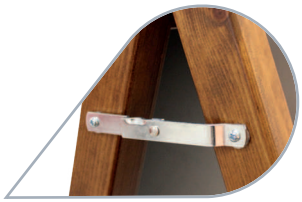


Rubber feet.



Durable finish.

Precision joinery.



Locking stay.

Our Woodworkz® Chalk A-Board range offers 7 models across 3 styles. Direct to surface print available.

Standard Full Frame

- 3 sizes – small, medium and large.
- 45 x 21mm frame profile.
- 6mm exterior chalk-face laminated MDF panels.
- Fully recyclable.

Premium Full Frame

- 2 sizes – medium and large.
- 45 x 45mm frame profile.
- 6mm exterior chalk-face laminated MDF panels.
- Fully recyclable.

Premium Reversible

- 2 sizes – medium and large.
- 45 x 45mm frame profile.
- 3mm high pressure laminate (HPL) reversible slide-in curve-topped panels.
- Recyclable: frame, steel locking stays , feet and hinges.

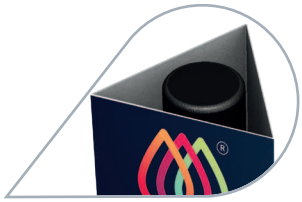
Bollard Wraps

Transform any bollard into a high impact advertisement.

- Simply pops over existing bollards for effective seasonal marketing or promotion of new products and services.
- Suitable for a wide range of bollard sizes from 100mm - 200mm diameter.
- Choose from 3 heights: 800mm, 1000mm and 1200mm.
- 3 sided and 4 sided options available.
- Graduated tabs allow quick and easy assembly without the need for any tape, fixings or tools.
- Fine-fluted 3mm Correx polypropylene for resilient outdoor use.

Fully Recyclable



Bollard Wrap detail view.

Flying Banners

The popularity of Flying Banners, sometimes referred to as Event Flags, Sail Flags, Beach Flags or Feather Flags, has grown tremendously in recent years.

Proud to be at the forefront of this revolution, our high quality printed textile flags are supported on high-strength carbon composite poles and friction-free bearing spindle, on a choice of base, ground spike or bracket mount.

We have invested heavily in research, product development and testing to ensure materials, print and product performance are amongst the best available whilst offering very competitive pricing.

Outdoor Performance

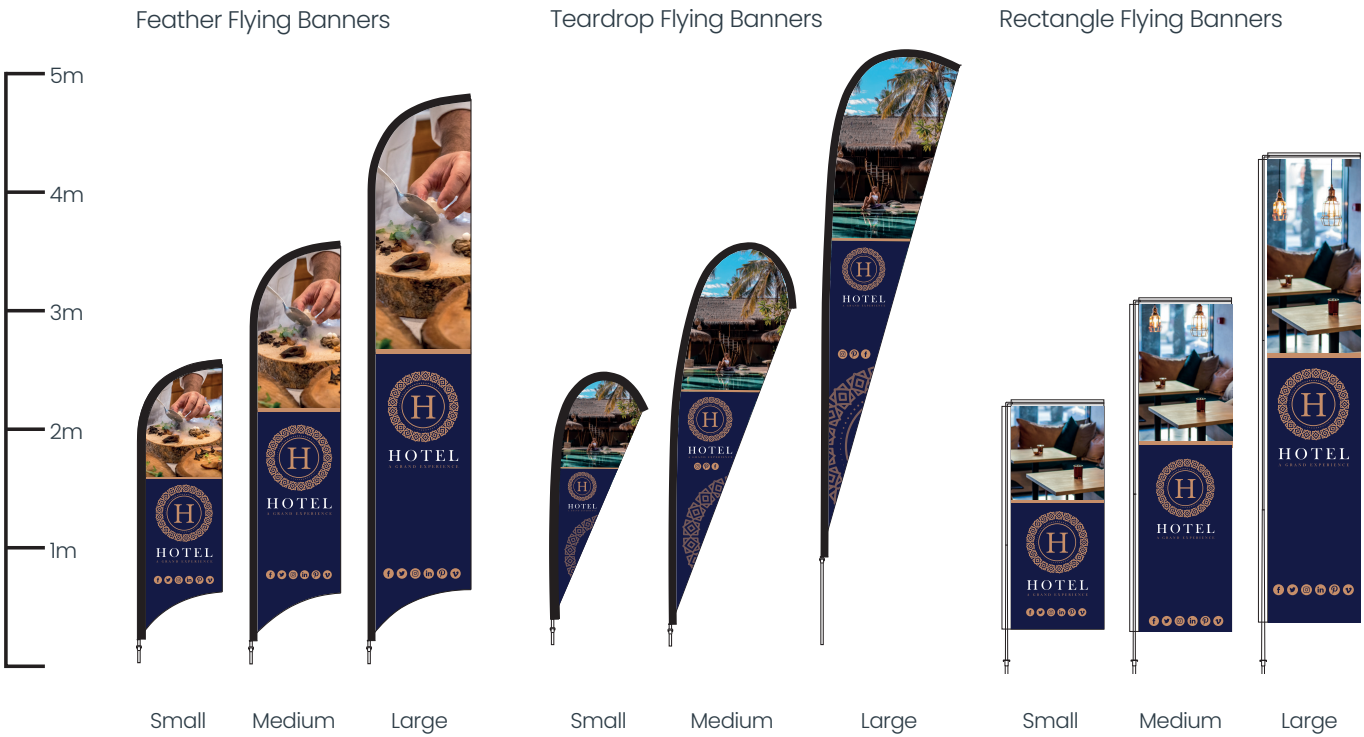
Naturally, Flying Banner life span depends on how and where they are used.

Teardrop flags generally last longer than Feather flags as the banner fabric is held in tension and experiences less movement.

Whichever style you choose we recommend taking them in overnight and avoid use in strong winds (i.e. 24+ mph wind speeds/Beaufort scale 6). Failure to do so will significantly shorten the lifespan of the product.

* Flag templates available on request, if own flag production preferred.

A choice of 3 shapes and 3 sizes.

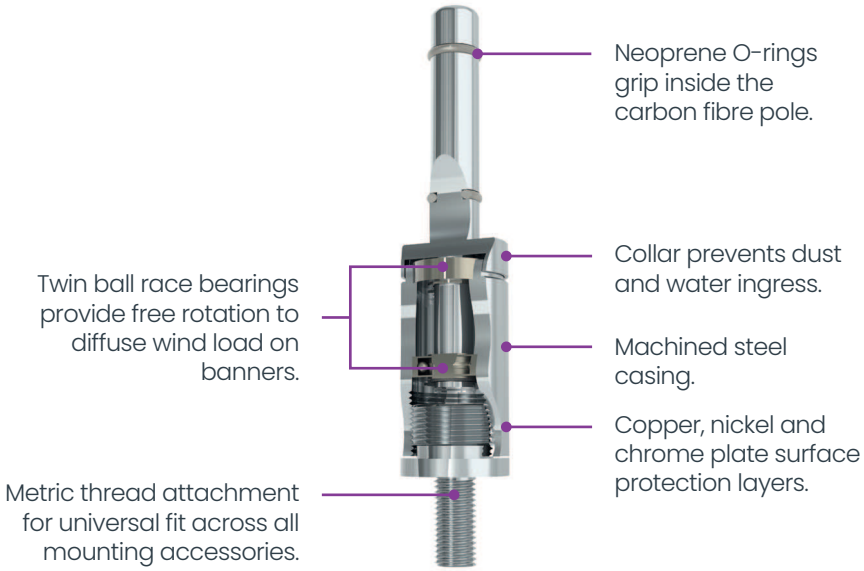


Leading Quality and Performance

Friction-Free Bearing Spindle

Our intelligently designed and engineered steel bearing spindle features in all our outdoor base and mounting bracket solutions (see page 56).

Friction-free rotation allows the flag to easily align to the wind, minimising stress and optimising flag visibility, performance and life-span.



Carbon Composite Banner Poles

Our light-weight, high-strength, sectional poles come with a 3 year manufacturer's warranty. They are stronger and more stress/gust resistant than any aluminium pole offering.

Reuse for years with replacement flags as required.

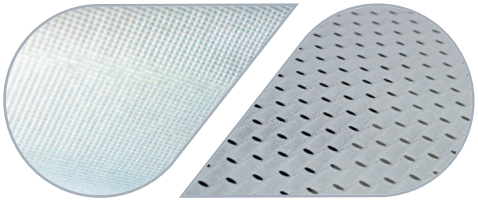
High strength. Sectional poles.

Flag Materials

There is a choice of standard 110gsm close-weave or 115gsm air-mesh polyester textiles, both offering an excellent combination of strength and image vibrancy.

Small holes in air-mesh allows some air to pass through the fabric thus reducing wind fatigue on the flag. This makes it a good choice for windy situations, particularly in combination with the elasticated pole sleeve.

Recycled 'rPET' textile available at additional cost. Minimum order quantities may apply subject to confirmation at time of enquiry.



Standard. Air-mesh.

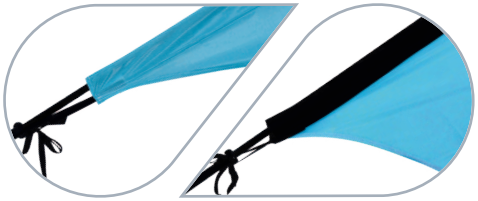
Sublimation Printing

All flying banner flags are printed by a dye-sublimation process which uses special inks and a post-print heating process to 'fix' the ink into the fabric, making it resilient and washable as well as maximising the mirror image show-through on the reverse. Double-sided printed flags also available for medium Feather Flying Banners.

Front. Reverse.

Flag Pole Sleeves

The majority of our flags are produced with printed, non-elasticated wrap-around pole sleeves, providing maximum possible print area. When extra durability is required there is the option of a reinforced black or white elasticated sleeve. This would be recommended for exposed or unattended locations, such as roadside and 24/7 retail sites where the flag may not be taken in overnight.



Wrap-around. Black Elasticated.

Finishing

To complete the attention to detail all Flying Banners come with draw string tethers to adjust tensioning, double-stitched hems and reinforced pole sleeve ends for optimum flag life.

Draw string tether. Double stitched hems.

Feather Flying Banner

Instruction Video

Feather shaped banner which flutters and rotates in the wind.

Showing white reinforced elasticated pole sleeve and Base Plate.

- High strength sectional carbon fibre pole.
- Market leading detail, quality and performance.
- Printed flags in standard or airmesh polyester textile to order.
- Choice of mounting accessories available.
- Printed non-elasticated wrap-around pole sleeves give maximum possible printed display area.
- We recommend an elasticated pole sleeve for increased durability.

Double-sided option for popular medium Feather flags.

A twin layer of standard fabric with central 'block-out' liner offers true double-sided print capability and the option of a different design each side. Make sure to combine with the upgraded Medium (double sided) Pole (order code: DSFBFMD).

Note: due to added weight double sided flags will not flutter in the wind in the same way as standard flags.

Feather Pole & Bag	O/A Height (mm)	Pole & Bag Weight (kg)	Order Code

Teardrop Flying Banner

Instruction Video

Teardrop shaped banner which rotates in the wind.

Showing wrap-around pole sleeve and Tank Base.

- High strength sectional carbon fibre pole.
- No fluttering means less distress and increased durability.
- Market leading detail, quality and performance.
- Printed flags in standard or airmesh polyester textile to order.
- Choice of mounting accessories available.
- Printed non-elasticated wrap-around pole sleeves give maximum possible printed display area.
- We recommend an elasticated pole sleeve for increased durability.

Mounting Accessories For Flying Banners

Tank Base

- A universal Flying Banner mounting option that works across all ground surfaces, whether soft or hard.
- Purpose designed water or sand fillable black HDPE bases with our leading low-friction bearing spindle for all flag sizes.
- Two size options. The large Tank Base is recommended for medium and large Flying Banners.
- Built-in handle for ease of moving even when full - satisfies manual handling guidelines. Large Tank Base includes integrated wheels.
- Wide fill-hole for ease of filling - screw cap includes leak-free rubber seal.
- Purpose engineered design - far superior to commonly used 'parasol' type base offerings by others.

Small Tank Base

Large Tank Base

Large tank base includes wheels.

Small tank base in use.

Item	O/A Dimensions (w x h x d mm)	Weight (kg)			Order Code
		Empty	Water-filled	Sand-filled	
Small Tank Base + Spindle	455 x 245 x 455	2.0	15	23.0	FBSMTK+TKBRG
Large Tank Base + Spindle	584 x 280 x 584	3.3	24	36	FBLGTK+TKBRG
Spindle only (for small or large)	100 x 132 x 100	0.8	–	–	TKBRG

Fully Recyclable

Mounting Accessories For Flying Banners

Base Plate

Recyclable: steel base plate, steel spindle

Item	O/A Dimensions (w x h x d mm)	Weight (kg)	Order Code
Small Base Plate	300 x 300 x 9 (plate 6mm thick)	4.2	FBBASEPLATESM
Large Base Plate	400 x 400 x 9 (plate 6mm thick)	7.3	FBBASEPLATELG

- Stylish low profile base for interior use only eg. exhibitions, retail, malls, showrooms, sport and leisure venues.
- Matt black non reflective base finish.
- Integral spigot grip-feature holds pole/flag position and desired best line of view.
- Low profile - Base Plate sits just 9mm above floor.
- 3mm thick foam foot pads protect floor and ease lifting.
- 2 sizes: Small Base Plate for all small flags and Large Base Plate for all medium and large flags.
- Allen Key tool included to fix spigot to base.

Cross Base and Water Bag

Recyclable: steel cross base, steel spindle

Item	O/A Dimensions (w x h x d mm)	Weight (kg)	Order Code
Cross Base	Length: 840 Width: 60	4	FBBASE(2)
Water Bag	540 diameter	Empty: 0.4 Full: 10.6	FBBAG(H)

- A traditional Flying Banner base solution for hard ground indoors or out.
- Compact packing can make this a popular choice when transport space to an event is at a premium.
- Powder coated grey steel cross base, with high quality low friction bearing spindle for smooth flag rotation.
- Holes at end of feet for pegging to soft ground if required (pegs not supplied).
- Optional water bag for added stability.

Wheel Base

- Forecourt-friendly design - enables Flying Banners to be situated in a matter of seconds.
- Black powder coated steel feet with low friction bearing spindle.
- V shape allows base to be wedged under any parked vehicle wheel (or driven onto).
- Suitable for all tyre sizes.
- Folding design for easy storage.
- Suited for use with High Rise Flying Banner Kits (see page 60).

Fully Recyclable

Weight (kg)	Order Code
4	FBWHEEL(2)

Concrete Base

- Heavy duty 67kg base solution - ideal for semi-permanent positioning.
- High quality low friction bearing spindle for smooth flag rotation.
- Spindle assembly comes with 4 bolts and spanner (concrete base pre-threaded).
- Lever points provided for ease of movement.
- Due to weight of base, pallet delivery is necessary.

Recyclable: steel spindle

Item	O/A Dimensions (w x h x d mm)	Weight (kg)	Order Code
Concrete Base with Bearing Spindle	600 (dia.) x 235 (h)	67	FBCONC + FBCONCBRG

Bracket Mount Bearing Spindles (Angled, Vertical, Horizontal)

- Friction-free bearing spindle on a choice of 3 different fixing plates for vertical or horizontal mounting.
- Fixings not supplied - it is up to the installer to choose the appropriate fixing for the situation.
- Suitable for parapet walls, posts, fencing etc.

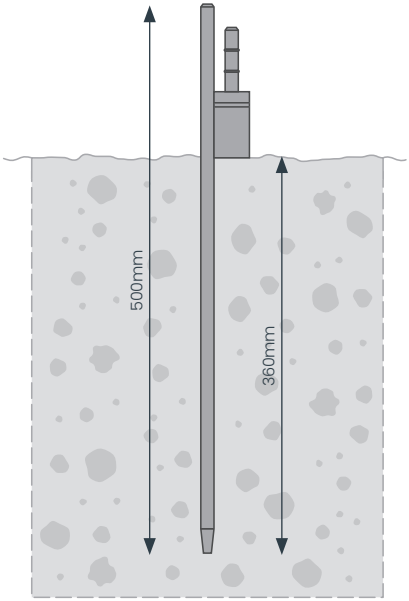
Item	Weight (kg)	Order Code
Angled	0.83	FB25DGWALBRG
Vertical	0.85	FBVERTWALBRG
Horizontal	0.7	FBCONCBRG

Note: if considering an angled mount for a shop or building frontage then we recommend use of small Teardrop Flying Banners only - to avoid flag damage against the wall in the event of wind rotation.

Fully Recyclable

Ground Spike

Ground Spike Diagram



- Steel spike for soft ground or sand.
- Bearing spindle for smooth flag rotation.
- Male pole connections with O-rings provide a perfect and secure fit as well as offering free rotation to deflect wind loading.

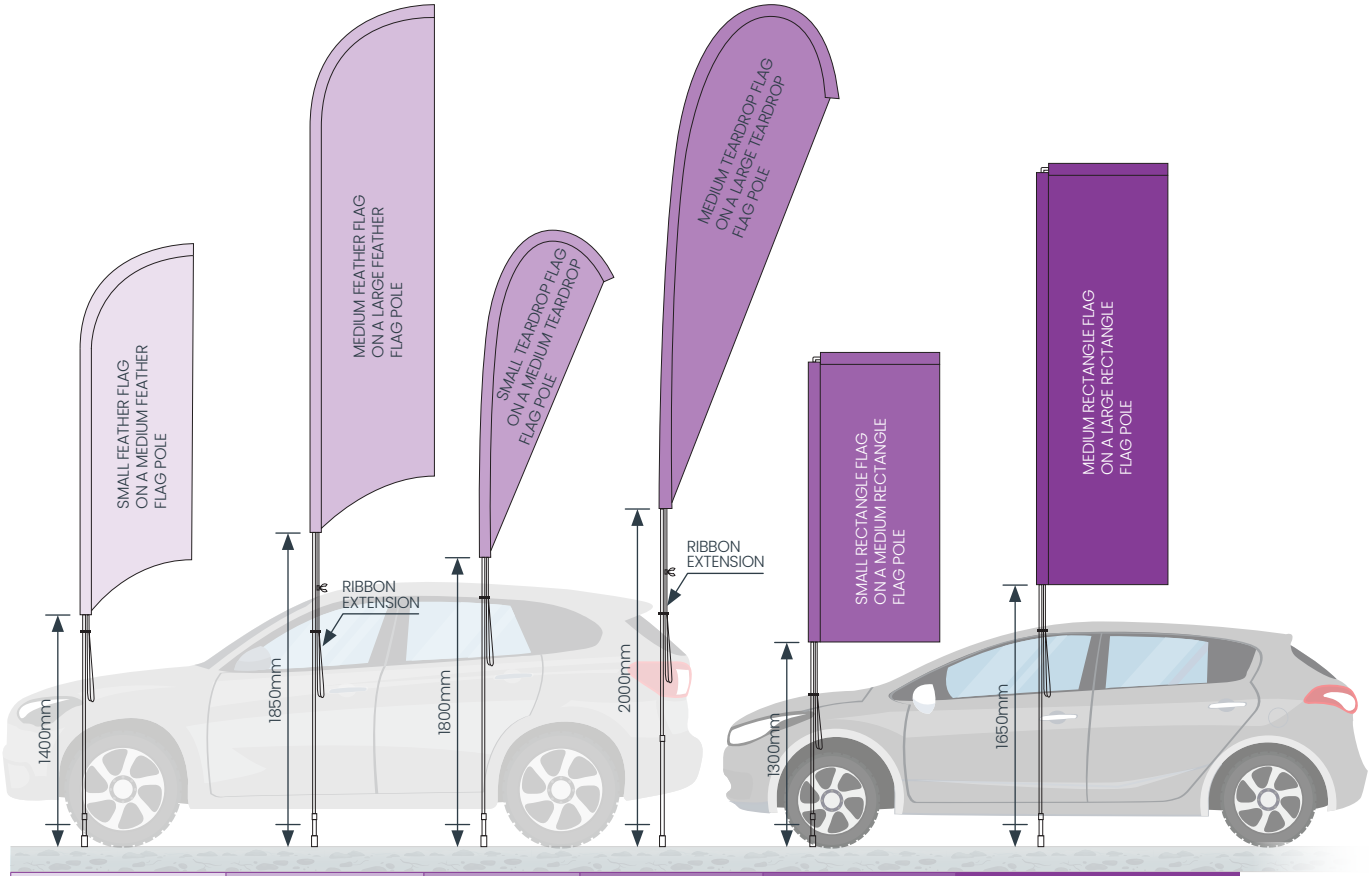
Weight (kg)	Order Code
1.2	FBSPIKE(2)

Fully Recyclable

High Rise Flying Banner Kits

Additional ground clearance for unobscured banner visibility.

- Kits include pole and 'high rise' conversion kit.
- Perfectly suited to car sales forecourts, flag will fly clear of vehicle for unobstructed promotion and no risk of damage to vehicle paintwork.
- Also suitable for providing clearance for fencing, gateposts, hedging and densely crowded locations.
- Compatible for use with; Tank Bases, Base Plate, Cross Base, Concrete Base, Wheel Base and Vertical or Horizontal Bracket Mount Bearing Spindle (see pages 56-59).
- Note - flags need to be purchased separately (see pages 53-55).



Order Code	Order Code	Order Code	Order Code	Order Code	Order Code
HRFBKIT1	HRFBKIT2	HRFBKIT3	HRFBKIT4	HRFBKIT5	HRFBKIT6

All flag shapes available (medium size flag examples shown above).

Fully Recyclable

Giant Pole

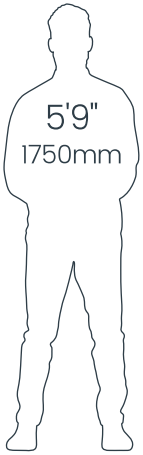
5.4m high attention grabbing outdoor display.

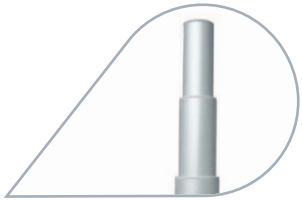
Instruction Video

- High impact display for 1.1 x 4.1m textile flag.
- Ideal for forecourts, shopping centres, exhibitions and events.
- 2-part water-fillable polyethylene base for optimum stability.
- Telescopic aluminium pole with silver anodised finish (54mm diameter at base).
- Single and double sided printed flags available.
- Printed by dye sublimation - see page 191 for more details.
- Pole and base carry bags included.

Double Sided Flags

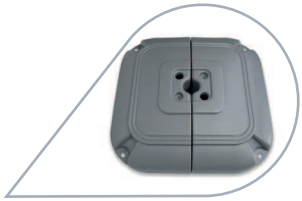
A twin layer of standard fabric with central 'block-out' liner offers true double-sided print capability and the option of a different design each side.
Note: Due to added weight double sided flags will not flutter in the wind in the same way as standard flags.





Telescopic pole.

360° rotating flag arm.



2 part base for ease of transportation.

Water-fillable base with clip-in leg fixings.

Recyclable: aluminium pole, polyethylene base

Adfresco® Café Barrier

Patent No. 2472843

Advertise and manage space simultaneously.

Manufactured to our patented design and quality standards, the Adfresco® Café Barrier range combines style, market leading features and performance at an attractive price.

In a choice of styles, sizes and finishes it includes the lower specification Adfresco® LT pole and base to cater for the tighter budget or for indoor/sheltered outdoor use.

Stylish, strong and effective -Adfresco® Café Barriers create the perfect space for your customers and brand. Available in polished Stainless Steel or Satin Black.

Stainless Steel showing lower cross rail and sliding ring tether option.

- Premium 3 series polished stainless steel for optimum outdoor life and scratch resistance or tough satin black pole and base for an alternative look.
- 13.5kg x 360mm diameter base provides excellent stability.
- Rubber edged base prevents damage to floors and gives the option to roll rather than lift.
- Option of bottom cross rail for full Equality Act compliance or lower cost bungee tether.
- Flat packed for easy storage and transport.
- Easy to assemble. Spanner included.
- Stainless steel cross rails.
- Choice of banner sizes and materials.

Satin black pole.

Cross Rail Option Instruction Video

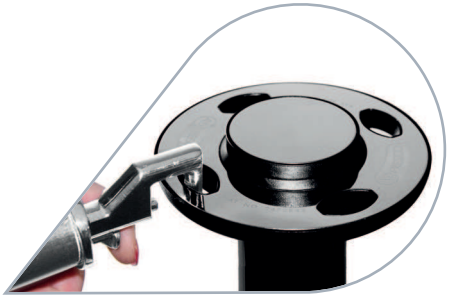
Bungee Option Instruction Video

Lower cost LT Base and Pole.

- Lower cost and lower performance hardware option.
- 2 series polished stainless steel pole and base.
- Lighter 10.3kg x 360mm diameter base.
- Bottom bungee tether option only.
- Easy to assemble. Spanner included.
- Same choice of high quality banners.

Unique features of Adfresco® Café Barrier:

Designed for easy end of life recycling.

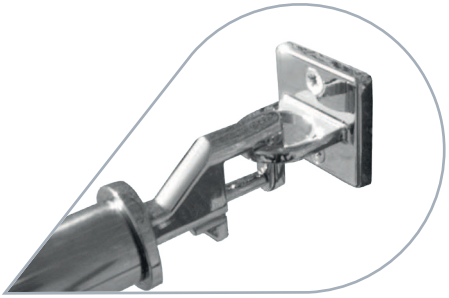


Top/Clip

- Sleek top designed for comfortable lifting, comes with quick release cross rails.
- Supplied with a protective cover to prevent damage in transit.

Adfresco® Sliding Ring

- Unique patented smooth-glide ring allows banner to flex and eliminates wind damage associated with traditional designs.
- Not available with LT.

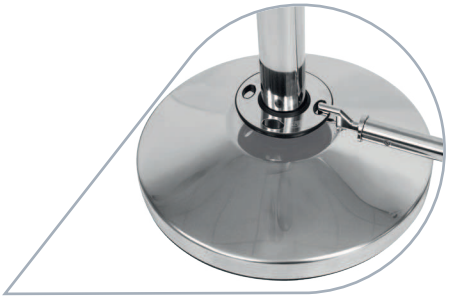


Chrome Plated Eye Plate

- For screw fixing to vertical wall or raised planter.

Adfresco® Base

- Concrete filled 13.5kg rubber edged base provides optimum stability, prevents damage to floors and gives the option to roll rather than lift.



Bottom Cross Rail

- Optional rigid lower cross rail provides audible tap for visually impaired (Equality Act Compliant).
- Not available with LT.

Bungee Connector

- Optional lower bungee connector holds banner taut – a cost effective alternative to a bottom cross rail.
- Prevents over stretching of banner.

Recyclable: stainless steel stanchion, base covers, stainless steel cross bars

Adfresco® Café Barrier - Selection Tool

Adfresco® allows you to individually select the elements to create your perfect Café Barrier - all with market leading features and benefits.

Choose your poles & bases:

Premium Adfresco® Stainless steel

Optimum outdoor life
and scratch resistance.

OR

Premium Adfresco® satin black

A popular alternative
to Stainless steel.

OR

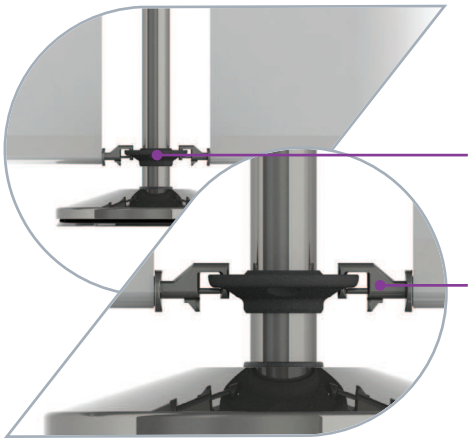
Budget Adfresco® LT Stainless steel

Reduced specification.
Stainless steel and lower
bungee tether only.

Choose your lower tethering method:

Double cross-rail option

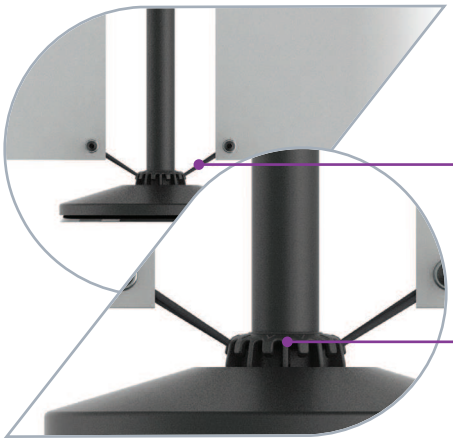
Provides strength, tautness and Equality Act compliance.



OR

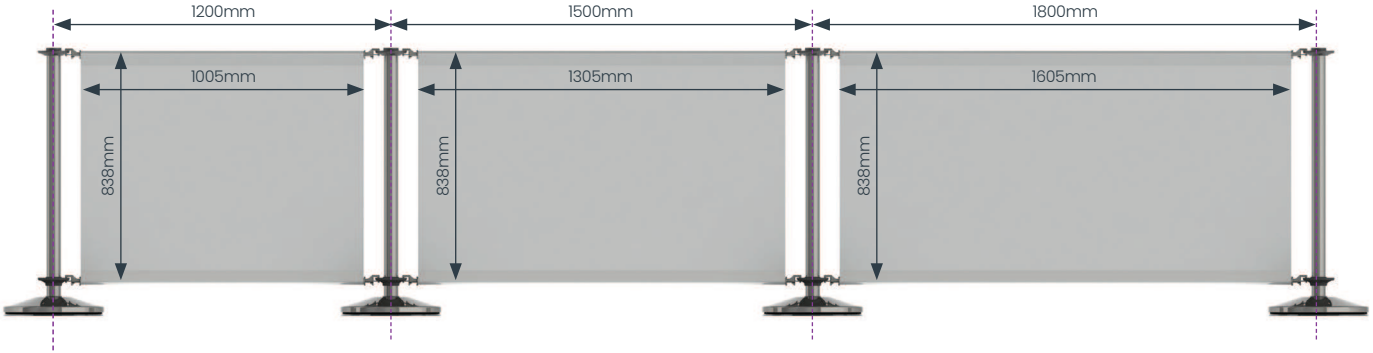
Single cross rail and lower bungee option

Select the bungee pole connector and bungees
instead of a second cross rail.



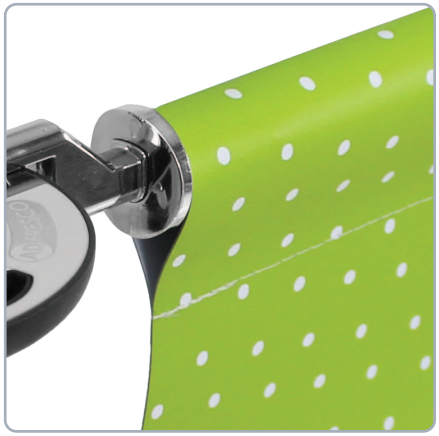
Choose your banner width:

For more exposed locations, such as seafront cafés, shorter banner widths work best.



Choose your banner material:

Light Block PVC 750gsm

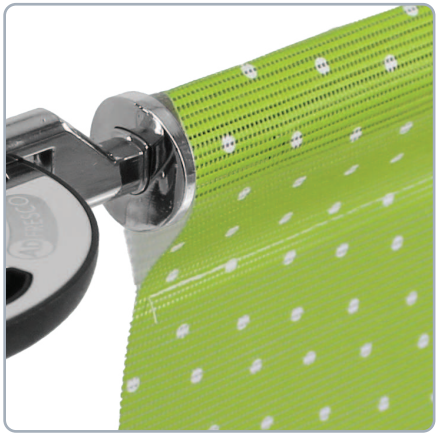


Reinforced and totally opaque, this is perfect for double sided print, long outdoor life and vibrant colour reproduction. The easy wipe clean surface makes it ideal for front of house food and drink environments.

Polyester Canvas 300gsm

This close weave 100% polyester fabric has all the appearance, weight and feel of a traditional canvas yet, unlike cotton based canvases, it is cost effective and will not rot or stain. Available full colour printed to one side with the option of white (unprinted) or single colour on the reverse.

Mesh PVC 380gsm



Provides a semi transparent finish and allows some air to pass through making it ideal for windy locations & subtle branding. Full colour print is available on one side (white on reverse).

All of our banners are suitable for outdoor use. To maintain best appearance, occasionally sponge down with warm soapy water. Use ratio: 30ml liquid soap / 10 litres water.

Adfresco® Café Barrier Kits

Classic Garden Parasol

UK Design Registration No. 6083532

The introduction of our Classic Garden Parasol, sometimes referred to as a Pub Parasol or Beach Umbrella, marked a return of the famous Hoyland Fox brand to the UK market, a name reflecting over 175 years of dedication to the manufacture of high quality umbrella frames.

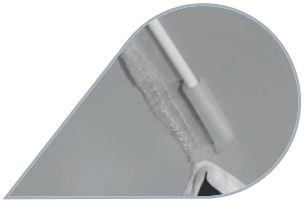
Tough, rot and waterproof polyester fabric canopy.

Telescopic 22/25mm diameter steel pole with simple cam-clamp lever to adjust height.

No moving steel or metal parts – free of corrosion risk and moving parts not functioning properly.

Optional 20 litre white water-fillable base.

Top finial.



Rib tip retainer, stitching detail and valance hem.

Cam-clamp lever.

Ergonomic runner hub and release button.

Ball and socket joint for 360 degree tilt direction – position the canopy to suit any sun angle without having to rotate the whole parasol.

Slider revealing ball and socket joint.

360 degree tilt direction.

Combined with a high specification canopy fabric and our printing expertise, the result is a unique parasol product that raises the bar in terms of quality and value for money.

- 1.8m (max open) diameter, 8k (8 rib) steel wire Hoyland Fox frame.
- 3.8mm diameter high tensile, hardened and tempered, carbon spring steel ribs and stretchers.
- Telescopic 22/25mm diameter steel pole with simple cam-clamp lever to adjust height.
- All steelwork zinc phosphate pre-treated before satin white polyester powder coating.
- Unique tilt feature offering shade wherever sun is angled.
- Sliding tilt protector (slider) locks canopy in horizontal position and stops unwanted tilting due to wind or tampering.
- 180gsm PA (acrylic) coated polyester fabric canopy – tough, rot and waterproof.
- Vibrant printing from single colour repeat logos to one full colour design covering the whole canopy – minimum 1 year outdoor life in UK.
- Optional 20 litre white PE water-fillable base – alternatively fill with kiln-dried sand for additional weight.

Signtac® Self-Adhesive Floor Graphics

A professional range of certified, fire and slip-rated floor-graphic products to suit a variety of indoor and outdoor applications.

Range overview (see table opposite for full details and comparison):

Signtac® 6 Indoor (PVC)

- Short term (up to 6 months durability), indoor only.
- Specifically developed for simple tool-free installation.
- Clean and quick removal within 6 months.

Signtac® 6 Indoor (PET)

- Short term (up to 6 month durability), PVC free, indoor only.
- Easy to apply and dimensionally stable.
- Repositionable whilst installing.

Signtac® 12 Indoor

- 2-part laminated for longer term (up to 12 months), indoor only.
- Removable, non-damaging adhesive.
- Ideal for mid to heavy foot traffic areas.

Signtac® 12 Outdoor SS

- 2-part laminated for longer term (up to 12 months), outdoor or indoor.
- Aggressive adhesive suitable for low-energy surfaces and ideal for smooth concrete outdoors.

Signtac® 12 Outdoor RS

- Longer term (up to 12 months), outdoor.
- For coarse textured surfaces such as brick, concrete, asphalt, etc.
- Easy to apply, does not shrink and 100% recyclable.

Standard shapes and sizes:

Circles – 100mm, 200mm and 300mm dia.

Square – 100mm, 200mm and 300mm sq.

Triangles – 100mm, 200mm and 300mm sides.

Non-standard shapes and sizes:

Cut to shape within standard poster sizes A4, A3, A2, A1 and A0 and within 100/200/300mm squares.

Note – for optimum adhesion and safety, sharp corners and intricate cut detail in designs should be avoided.

Made to order

JUST EAT

Outdoor
Wall/Window Mounted

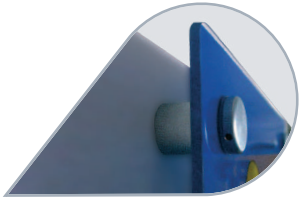
We have some excellent secondary signage, chalkboard and poster display solutions available for wall or window mounting with weather resistant properties suitable for outdoor use.

Projecting 'flag' or 'bus-stop' advertising, to attract attention at eye-level and above, is available in the form of permanent projecting Flange Signs, or, as more temporary wall or window-mounted Display Flags that can be taken in at night or when the premises are closed. They are designed to provide elevated visibility and are a good alternative to a pavement sign when there isn't space on the pavement, or of course to complement a pavement sign that is designed to catch the eye at street level.

Our Poster Frames, Noticeboards and Menu Cases range includes low voltage LED illuminated options. It also includes a world beating range of Snapframes, the widely popular front opening aluminium poster frame that wins on price and functionality. As significant developers and manufacturers of the Snapframe since our first frame designs in 1990 we have been instrumental in bringing refinement, value engineering and supplementary patented innovation to the market ever since.

Dealer/Stockist Signs

Permanent brand presence at dealers and stockists.



Optional stand-off sign fixings.

Permanent brand signage at a stockist or dealers premises is a win-win, free advertising for the brand whilst the 'premium' brand endorsement will draw customers to the stockist. Long lasting, bold, vibrant print is the order of the day and that's our business!

- Premium options in aluminium, acrylic, polycarbonate or ACM.
- Screen print option and/or varnish over-print for extended outdoor life.
- Can be any size or shape pre-drilled for wall fixing.
- Stand-off fixing option for added prestige.
- Low-cost shorter outdoor life options in foam PVC or polypropylene ('Correx') - ideal for estate agent boards.

When it comes to standing out at the point of purchase the combination of material choice, shape and printing effects can make a real difference.

Recyclable: panel material dependant

Flavour/Range Boards

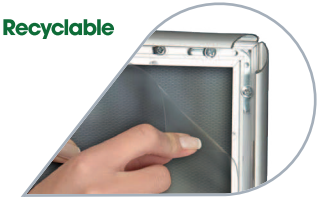
Flexible magnetic graphics, easy to interchange.

- Printed steel wall panel with set of interchangeable magnetic range labels (wall panel minimum order quantity 10).
- High promotional and functional value at the point of sale.
- Replacement magnetic labels can be purchased separately at a later date if required.

Recyclable: printed steel back panel

Snapframes (overview)

Fully Recyclable



Anti-glare cover sheet included.

All our Snapframes feature:

- Easy snap-open/snap-shut poster change.
- Built-in security – when closed all fixings and opening method are hidden from view.
- UV stable poster cover sheet – will not turn brown and protects poster from fade in sunlight.
- Anti-glare poster cover sheet – maintains message visibility under bright lighting.
- Pre-drilled and individually boxed with screws and wall plugs.
- We recommend the use of moisture resistant posters when used outdoors (see page 192).

Note: wider frame profiles do a better job of keeping the poster cover and poster secure in windy weather than smaller frame profiles.

Made to order service from a choice of 12 stock finishes

- Fast lead times – typically, 1-10 frames (3-5 days), 11-25 frames (5-7 days).
- Custom sizes from as small as 210 x 210mm.
- Oversize frames (>1.5m2) may require collecting by customer if too large for our parcel delivery provider or for palletising.
- Choose from the following stock colours and finishes:

Silver anodised (stocked) 15, 25 or 38mm standard and 25mm or 42mm security.

RAL 9003 **Signal White*** (25 & 38mm)

RAL 9005 **Jet Black*** (25 & 38mm)

RAL 7037 **Dusty Grey** (25 & 38mm)

Satin Chrome (25mm)

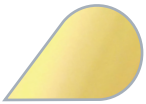
Stainless Steel (25mm only)

RAL 6005 **Moss Green** (25 & 38mm)

RAL 3020 **Traffic Red** (25 & 38mm)

RAL 5002 **Ultramarine Blue** (25 & 38mm)

Sapphire Blue RAL 5003 (25 & 38mm)



Gold (25mm only)

Wood (25mm only)

* Standard sizes stocked – see pages 83-86.

Other colours available subject to minimum order quantity and longer lead time.

Standard Snapframes

Quick and easy poster display for indoor and outdoor use.

Fully Recyclable

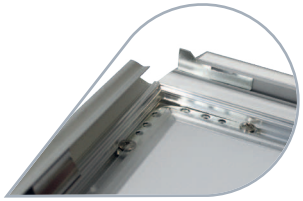
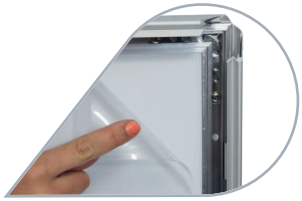
Easy to insert and change poster.

Opens via simple Allen key operation.



Sequentially closing sides.

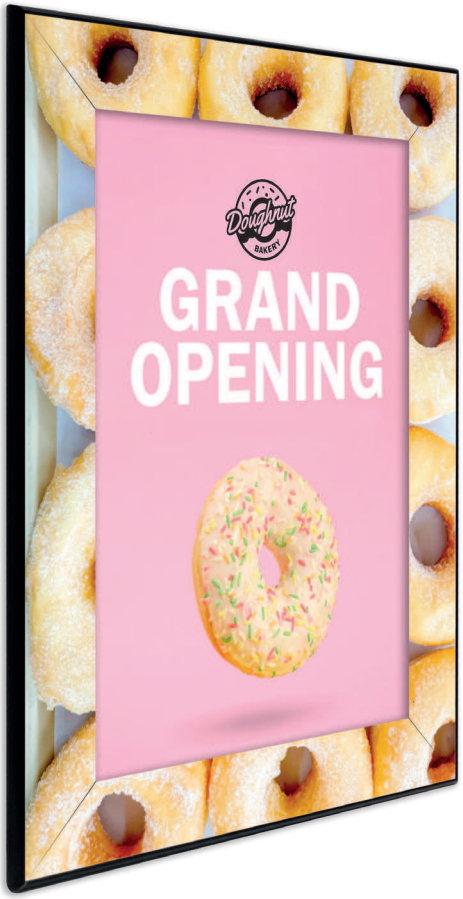


Anti-glare cover sheet included.

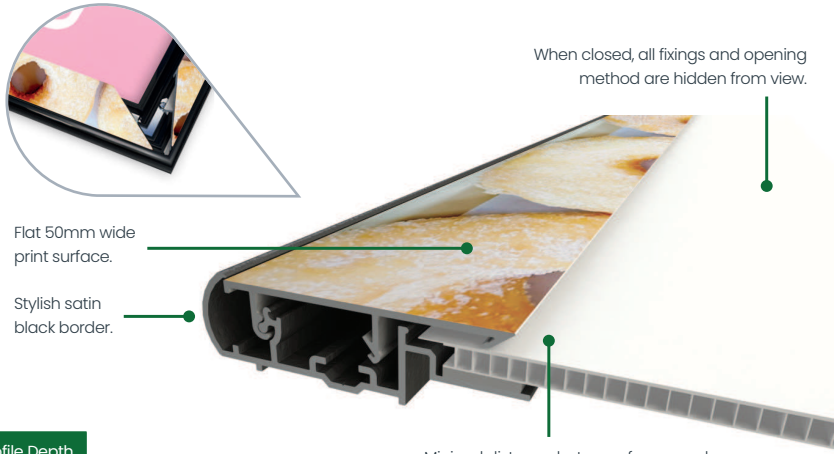
Frameworkz

Patent No. 2464696

Unlike any other poster frames available, Frameworkz Snapframes can be digitally printed with almost any design. From logos and text to images and patterns, the choice is yours and the opportunities are truly endless.



- Front opening aluminium snapframes for quick and easy poster change.
- Suitable for external use (2-3 years in temperate climate) and we recommend the use of moisture resistant posters (see page 192).
- Minimal distance between frame and poster allows design to cross over.
- Anti-glare 500 micron PET poster cover sheet as standard or optional 750 micron gloss clear polycarbonate at additional cost.
- Pre-drilled for wall mounting.
- Available in any frame size from A3 to 40" x 60".
- Made to order.



Recyclable: aluminium frames, PET poster cover sheet, mechanical fixings

Poster Size	Display Area (mm)	O/A Dimensions (w x h x d mm)	Profile Depth (mm)
Any size from A3 to 40" x 60"	Poster -31.5	Poster +79	15

Due to frame cutting and artwork tolerances of +/- 1mm, a visible step across the mitred corners is sometimes unavoidable. Designs featuring straight lines across the corners will be particularly prone to this.

Slimlok Poster Case

Stylish poster display cases with lockable doors.

Stock colours available made to order:

Signal White RAL 9003

Dusty Grey RAL 7037

Teardrop Flying Banner (on Angled Wall Bracket)

Permanent wall-mounted bracket.

Slide-on/slide-off pole fit.

A great way to pack a promotional punch at the store front if pavement or forecourt space is at a premium, or if you just want to do something different and impactful above head height.

- Small Teardrop Flying Banner in standard or airmesh polyester textile supported on a sectional carbon composite pole.
- 2m long flag and rotational movement for eye-catching long range outdoor promotion.
- Angled Bracket Mount Bearing Spindle offers friction-free flag rotation and secure flag retention, whilst being easy to detach the pole and flag when premises are closed.
- For additional product information see Flying Banners on page 50.

Item	Weight (kg)	Size (mm)	Order Code
Pole & Bag	1	-	FBTSM
Angled Bracket Mount Bearing Spindle	0.83	-	FB25DGWALBRG
Printed flag with wrap-around printed pole sleeve	-	771 x 2060	FBTSMBAN(SW)
Printed flag with reinforced elasticated black pole sleeve	-	800 x 1992	FBTSMBANBEH(SW)
Printed flag with reinforced elasticated white pole sleeve	-	800 x 1992	FBTSMBANWEH(SW)

For a printed air-mesh flag add 'A' to the end of of the appropriate order code.

Hi-Sight

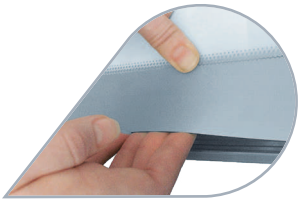
Registered Design No. 000879876

Instruction Video

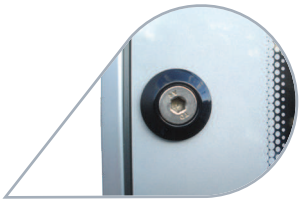
Thanks to its unique pull down poster cartridge, the Hi-Sight has many advantages over traditional poster frames.

- Can be mounted up to 3 times higher than a regular frame.
- Poster change is quicker, easier and safer - no need to stretch or use ladders.
- Reduced risk of tampering and vandalism.
- Hard wearing aluminium frame.
- Fixed polycarbonate cover with magnetic seals, virtually no risk of poster loss.
- Excellent weather resistance.
- Custom sizes available made to order.
- Custom colour poster cover sheet borders available made to order.

Ideal for out of town retailers. Hi-Sight maximises visibility of store front promotions – vital in the drive for greater awareness and increased sales.



Apply finger pressure just above border and lift.

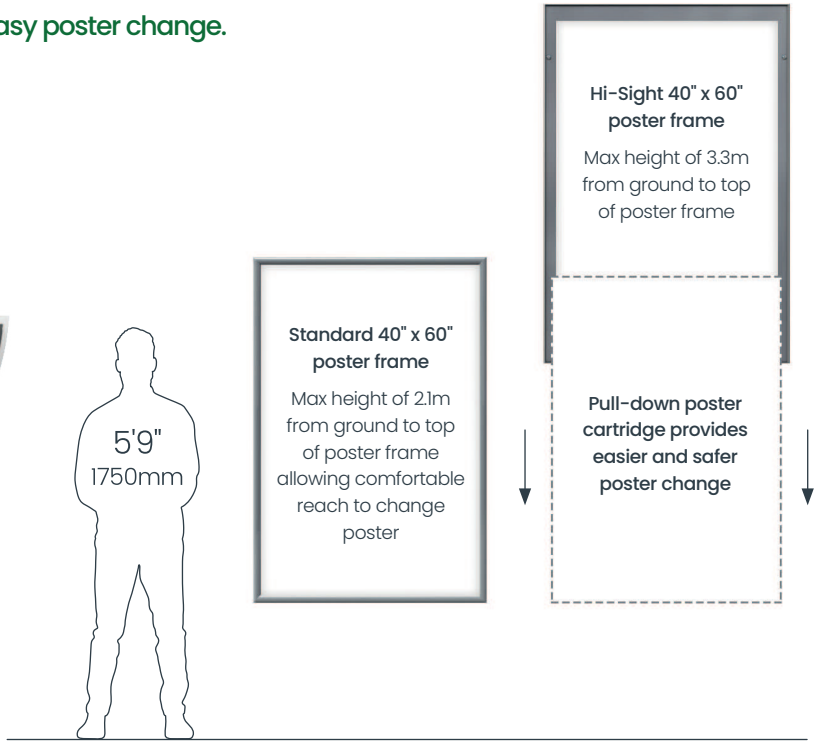


Poster cover security fixings.

Traditional frames – low visibility.

Hi-Sight – high visibility!

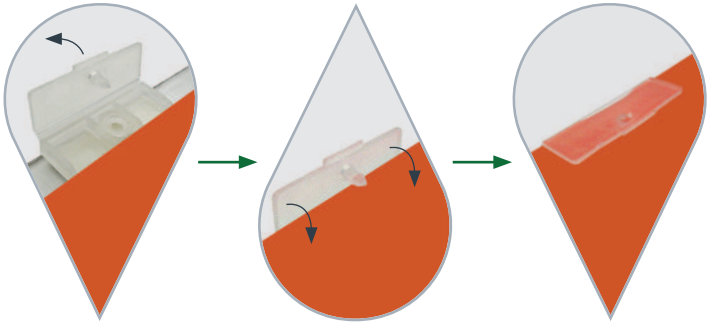
Pull down poster cartridge for safe, quick and easy poster change.



Recyclable: aluminium frames, polycarbonate poster cover

Poster Size	Display Area (mm)	O/A Dimensions (w x h x d mm)	Weight (kg)	Availability	Order Code
A0	830 x 1163	937 x 1295	8.4	Made to order	HISA0SA(S)
40" x 60"	1005 x 1498	1112 x 1630	12	Stocked	HIS46SA(S)

Posters are held in place by 4 pinch holders on the top of the cartridge.



Open poster-pinch mounts to add or change posters.

Place poster within poster-pinch opening.

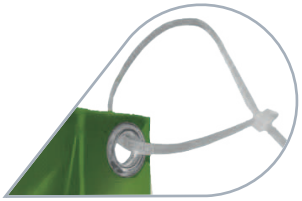
Close poster-pinch mounts to pierce and grip poster.

External Banner

Semi-permanent large format outdoor promotion.

- Any size up to 20m x 3m.
- Choice of 3 stock materials including a light-block for double-sided print.
- Folded welded hems provide a double strength perimeter for optimal wind load/tear resistance.
- Corrosion-free metal eyelets or durable clear recyclable plastic eyelets at our discretion.
- Supplied with 300mm translucent white nylon cable ties- extremely secure, quick and easy to use to achieve the best banner appearance.
- Individually poly-bagged for protection during distribution.
- See our Banner Frames opposite and on page 48.

Made to order



All banners supplied with tie-wraps.

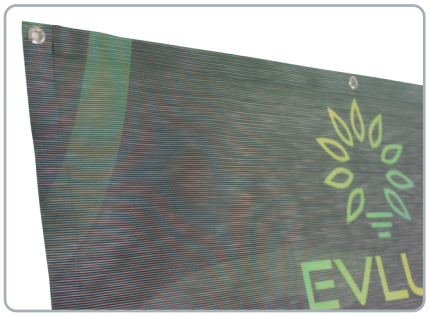
Front-lit PVC 440gsm

Our most popular banner for single sided print only. Front-lit banners suit fence and wall-mounting locations.

Light Block PVC 510/610gsm

Our highest performing material, Light Block PVC provides excellent colour vibrancy and long lasting performance. Ideal for single or double sided print.

Mesh PVC 270/380gsm*



Perforations allow air to pass through and reduce wind loading, making it well-suited for windy locations eg. seafronts & site/event fencing.

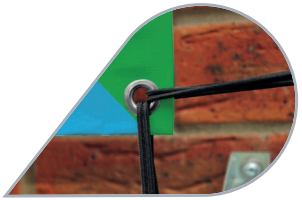
*Subject to size/quantity.

Wall Banner Frame

Lightweight aluminium banner frame kit for wall mounting indoors or outside.

- 8x galvanised steel stand-off brackets for wall mounting.
- Aluminium 25 x 25mm frame tubes - low weight for handling and fitting.
- Fast push-fit assembly with simple installation.
- Low profile design - frame stands just 125mm forward of any mount surface.
- Self-adjusting bungee hooks hold eyeletted banners under tension.
- Bungees included.
- Recommended banner size: 2840 x 1090mm.
- Printed Banners available.

Wall fixing brackets.



Full bungee kit included.

Recyclable: aluminium tubes, wall brackets

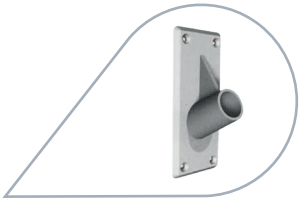
Display Area (mm)	O/A Dimensions (w x h x d mm)	Weight (kg)	Order Code
2840 x 1090	3000 x 1250 x 125	5	BANFRAMEWALL

Standard Flag Kit

For wall mounting.

- Tapered socket ensures excellent pole grip and prevents loss of flags in windy conditions.
- Suitable for screw fixing to walls.
- Kit includes PVC pole and polypropylene finial, collar and wall bracket. Flag available separately.
- Plain 750gsm reinforced light-block PVC flags are a stocked product. Suitable for vinyl graphics.
- Marine grade polyester stitching for optimum flag life.
- Printed flags available.
- Custom shape flags available made to order (minimum order quantity 25).

Recyclable: polypropylene bracket, PVC pole, polypropylene collar and finial, PVC flag



Wall bracket.

Item	Dimensions (mm)	Weight (kg)	Order Code
Standard Flag Kit (bracket, pole, finial and collar)	Bracket: 50 (w) x 117 (h) Pole: 750 (length) x 19 (dia.)	0.2	FLKIT
Display Flag	430 x 355 x 560	0.2	FLAGTRADE

Noscrewz Flag Kit

Ideal for glass mounting.

Patent No. 2443417
Instruction Video

- Safe, tamper proof and secures on any smooth surface.
- Incredibly quick and easy to use, simply push onto surface and twist. No tools required.
- Kits include bracket, sectional pole offering variable length, collar and finial. Flag available separately.
- Suitable for internal and external use.
- Plain 750gsm reinforced light-block PVC flags are a stocked product. Suitable for vinyl graphics.
- Print service available.
- Custom shape flags* available made to order (minimum order quantity 25).

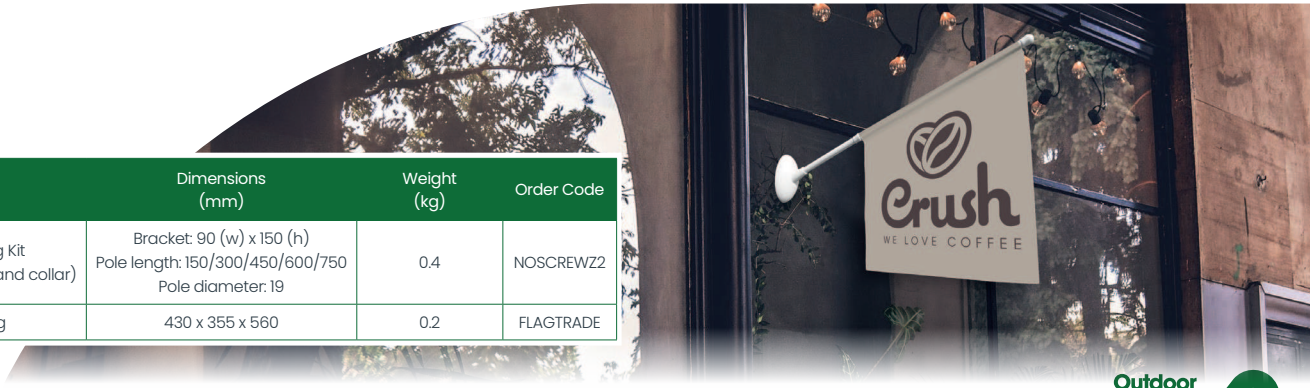
Elbow-adaptor included to allow flags to be angled.

A simple twist creates a vacuum that locks the bracket in place.

Simply twist back and pull upper or lower tab to release bracket.

Recyclable: PVC/ASA bracket, PVC pole, polypropylene collar and finial, PVC flag

* Care is required if using Noscrewz for oversized (wider and/or taller) flags. Unless the pole is shortened (use of fewer pole sections during assembly) we would only recommend flags in our standard 750gsm reinforced light block PVC up to a maximum of 0.25m^2 (less than 200g in weight).



Item	Dimensions (mm)	Weight (kg)	Order Code
Noscrewz Flag Kit (bracket, pole, finial and collar)	Bracket: 90 (w) x 150 (h) Pole length: 150/300/450/600/750 Pole diameter: 19	0.4	NOSCREWZ2
Display Flag	430 x 355 x 560	0.2	FLAGTRADE

Flange Signs

Low cost, high impact flat projecting signs, available in 3 standard sizes.

Standard shapes/sizes:

Rectangular

Round

Oval

Fully Recyclable

Shape	Display Area (w x h mm)	O/A Dimensions (w x h x d mm)	Weight (kg)	Order Code

796 x 1196	800 x 1200 x 3	4.4	CWB800X1200

Custom sizes/shapes made to order.

Messaging is easy with our Liquid Chalk Pens... (see page 105)

...and easy to remove with commonly available household cleaner.

Our Chalkboard Panels

The last thing customers want is a chalkboard that requires repainting regularly and warps and disintegrates if used outdoors. Sadly there are too many inferior products on the market that do just that – even when advertised for outdoor use!

Our high-quality board materials:

- Are maintenance-free and never need repainting.
- Are easy to clean with water and household cleaner.
- Have a weather and scratch resistant anti-glare surface.
- Are suitable for use with traditional chalk or Liquid Chalk Pens.
- Can be direct to surface printed.

The specially formulated melamine surface on our premium laminate materials means your chalkboards stay looking new for longer.

Made to order

Liquid Chalk Pens

- Pens are rainproof after just 1 hour yet erasable with a damp cloth.
- **Top tip** - Mr Muscle for windows is an excellent chalkpen cleaner.
- Assorted pack contains: red, green, white, yellow and blue.
- Superior colour vibrancy and outdoor durability shown from our independent outdoor tests.

Nib Size (mm)	Pack Quantity	Colour(s)	Order Code
5 (small)	5	Assorted	CHALKPENSET1
15 (large)	3	White	CHALKPENSET2
15 (large)	5	Assorted	CHALKPENSET3

Exterior Leaflet Holders

Round-the-clock promotion, whatever the weather.

- Made from hard-wearing, crystal clear polystyrene with UV inhibitor for outdoor performance.
- Self closing lid ensures holder can never be left open and protects literature inside.
- Lid features integrated "please take one" message.
- Ventilation holes on underside minimise condensation.
- Keyhole slots on rear for screw fixing to walls.

Self-closing acrylic lid.

Integrated message.

Available in 3 stock sizes

Size	1/3 A4 portrait (DL)	A5 portrait	A4 portrait
O/A Dimensions (mm)	127 x 227 x 40	178 x 227 x 45	248 x 323 x 55

Fully Recyclable

Stickers, Labels & Window Graphics

Made to measure stickers and decals that stand out.

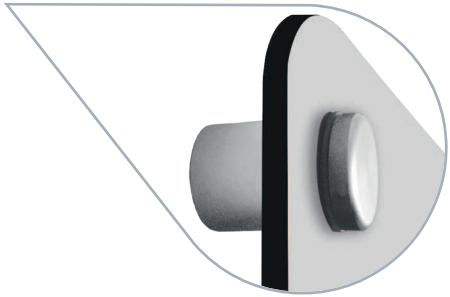
- Self-adhesive or self-cling messaging or promotion on any smooth flat surface.
- All sizes and shapes.
- Long-life, indoor/outdoor, permanent/removable, tamper-resistant, clear/frosted... the options are endless.
- We also offer security/one-way vision window graphics.

Made to order

Stand-Off Sign Fixings

Add an architectural finish to any wall mounted sign panel.

As well as providing an attractive stand-off feature for any sign panel material, these fixings will accommodate an uneven wall surface, which could include any texture or render present on brick or stone wall.



- Allows air to move freely across both the front and rear of the sign panel.
- Eliminates condensation or dirt build-up from behind, essential for clear sign materials, ensuring the message is always visible.
- No apparent screw heads, concealed mounting method acts as an effective tamper deterrent.
- Holds sign panel thicknesses from 2mm to 12mm.
- Supplied in pairs in protective polythene enclosures.
- Screws and wall plugs are not included (since no two surfaces are ever the same, fixings should be selected to suit).
- Use 321 grade Stainless Steel stand-offs for long life outdoors.

Fully Recyclable

Stand-Off Sign Fixings as used in our Wall Mounted Information Displays.

Indoor
Freestanding/Floor Mounted

Whether you wish to enhance an in-store promotion, or guide or inform customers or visitors, freestanding portable displays which can be repositioned quickly for tactical advantage are essential pieces of marketing equipment.

This section not only includes stands in various styles and sizes for the display of posters, chalkboards and marketing literature but also a range of portable exhibition displays that are as much at home in a retail environment, showroom or reception area as they are at a conference or on a trade exhibition stand. These Roll-Ups, Banner Stands, Back-Drops and Promotional Counters do everything that is asked when it comes to displaying a beautifully printed graphic, all in an easy to transport form with carry case included.

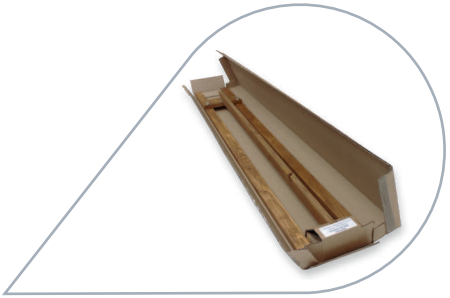
For the floor itself we offer our impressive Signtac® Self-Adhesive Floor Graphics range (see page 76). For entrances or reception areas, the re-positionable rubber backed promotional Feature Floor Mat offers a great opportunity to take advantage of the floor as an untapped advertising space, whatever the flooring surface.

Easel by Woodworkz®

Woodworkz® is our joinery-quality brand of in-house manufactured real wood sign and display products.

We only use sustainable and certified timber sourced from approved sawmills and distributors.

- Simple, low-cost design offering the widest choice of display options on the market.
- Non-slip rubber feet protects floors and helps keep legs in position.
- Part assembled for packing and very quick to erect - no tools required.
- Stock 'Country Oak' finish.
- Custom colours available made to order (minimum order quantity 10).
- Easel Chalkboards available separately. See opposite.
- Also suitable for printed panels (max 13mm thick) or poster frames up to 800 x 1200mm/A0 in portrait or landscape orientation.
- Adjustable panel supports provide five height positions.
- Additional pair of panel supports available separately to display 2x Small Easel Chalkboards/A2 poster frames.



Flat packed and part assembled in individual box.

Fully Recyclable

Easel with alternative poster Snapframe.

Extra supports can be purchased separately.

2x small boards with extra set of supports.

Rear hinge detail.

Easel Chalkboards

- 6mm double-sided black edged melamine faced MDF in 3 stock sizes.
- Slightly rounded corners for safety.
- Suitable for use with traditional chalk or liquid chalk pens (see page 105).
- Direct to surface single or double sided print available.
- Suitable for alternative in-door uses e.g. drilling and screw-fixing to walls.

Pole & Rope Barrier

Recyclable: stainless steel stanchions, base covers

Choice of our Adfresco® Poles and Bases, with a range of rope colours.

- The LT Pole and Base (shown) offers the lowest cost option and is ideal for internal use.
- Quick and easy to assemble – simple pictorial instructions and spanner included.
- Ropes feature easy clip in attachment – intuitive quick release operation.
- Flat packed for ease of distribution and storage.
- Polished brass finish available made to order (minimum order quantity 100).

Twisted Rope.
Available in 3 stock colours.

Please Note: These ropes are designed for a long, maintenance free life indoors. Outdoor use in sunlight or rain may cause the rope colour to fade and reduce the life of the product.

Ropes feature quick and easy clip in attachment.

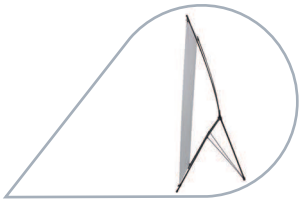
X-Banner

Instruction Video

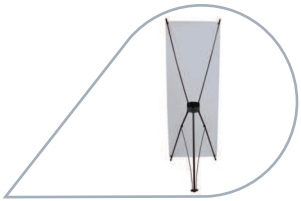
Low cost, high impact, eyeleted banner display - now in 2 sizes.

- Simple fold away design - no tools required.
- For 600 x 1600mm or 1200 x 2000mm eyeleted banners. Front-lit materials are recommended.
- Banners simply hook into place – quick and easy to remove and replace.
- Carbon fibre top poles provide excellent tension and stability, ensuring banners do not sag over time.
- Black canvas carry bag included.
- Banner printing service available.
- Large X-Banner designed to sit side-by-side to form an impressive, easy to transport and very cost effective graphic backdrop.

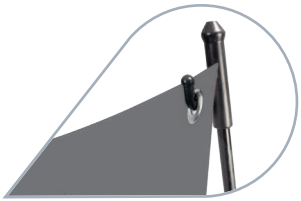
Recyclable: aluminium legs, steel leg stay



Side view.



Rear view.



Simply hook eyeleted banner onto frame.

Banner Size (mm)	O/A Dimensions (w x h x d mm)	Weight (kg)	Order Code

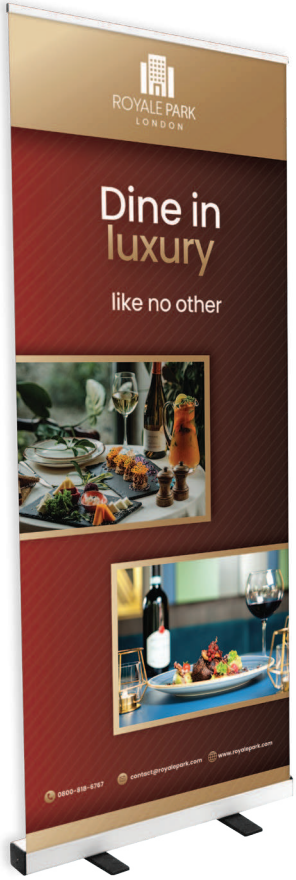
Graphia® Roller Banner

Style and performance at a super low price.

5 stock sizes available.



- Contemporary satin finish silver anodised aluminium cassette with flat 45mm fascia suitable for custom branding if required.
- Super-tough stylised satin black polyamide swivel feet and end caps complement the 'premium' appearance whilst enhancing product durability and performance.
- Perfectly parallel feet every time due to the integrated click stop feature (note: 600mm has a single centralised foot).
- Soft styling – no sharp edges.
- Fixed height sectional bungee pole.
- Top clamp rail and bottom adhesive strip makes banner installation a simple process.
- Complete with lightweight black carry case.
- 6 pack option for an even lower price.
- Buy hardware only or include printed banner in 220 micron tear-proof grey-backed lightblock polyester with non-reflective fine art canvas finish - PVC-free and no edge curl!

Banner Materials:

- We recommend lightweight materials such as 125-220 micron polyester or 220 micron matt opaque PVC.
- Do not use materials more than 300 micron thick.

Top-hat pole/top rail connection.

Recyclable: aluminium cassette, sectional pole, steel retractor spring, moulded end cap and stabilisers

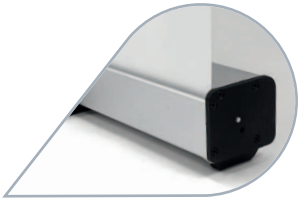
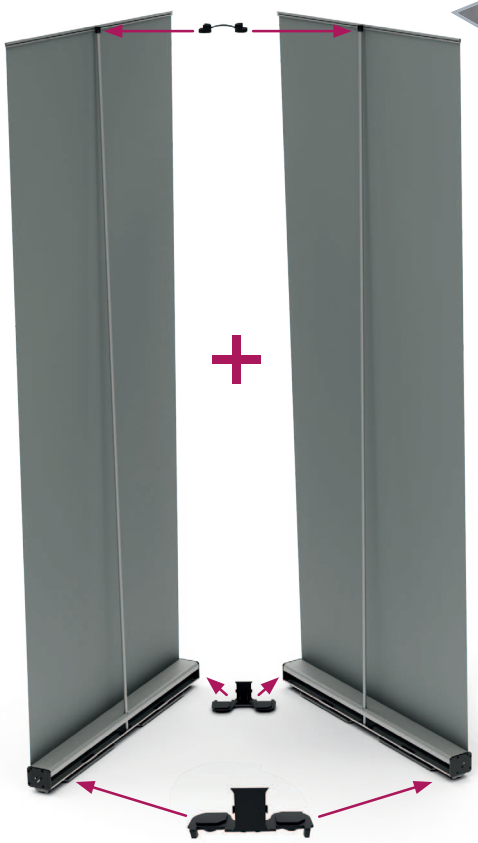
Complete with lightweight black carry case.



Satin black moulded end cap detail.

Graphia® Roller Banner Connectors

Innovative accessory kit to create a double-sided roller banner.



Specially designed connectors slide into the banner cassette.

Slide the connecting stay over the pole caps.

- Connects two Graphia® Roller Banners together easily and securely back to back to create a double-sided banner display.
- The specially designed connectors slide into the cassette of the banner, then a simple thumbturn lock secures the connector to the units - no tools required!
- Secure the two poles of the banner at the top by sliding the connecting stay over the pole caps.

Thumbturn lock mechanism concealed underneath.

Indoor
Wall/Window Mounted

Snapframes and the other wall mounted Poster Display, Noticeboard and Menu Case solutions detailed in the outdoor products section of this brochure are perfectly suited for indoor use so make sure you check these out if you don't see what you're looking for.

The same goes for our frameless wall mounted Chalkboards on page 104. Whilst suitable for outdoors their primary use will be indoors, for the hospitality sector and in pubs, bars and cafés in particular.
All our Chalkboards have the option to be printed for premium brand endorsement at the point of sale, including the joinery-quality wood framed boards manufactured in our Woodworkz® production facility.

In this 'indoor only' section you will find some great display solutions for mounting to the inside of a window for outside viewing. Headlinerlite is an excellent repositionable solution for professional poster display, whilst our choice of printed Open/Closed Signs offers low-cost brand promotion with built-in functionality for the retailer.

If you are interested in the Illuminated Poster Frames on offer then make sure to check out our stunning Printed Backlit Poster Films, sometimes referred to as Duratrans, on page 194.

Open/Closed Signs - Slider

Simply slide to change message.

- 2 piece PVC sign.
- 400 x 105mm.
- For internal glass mounting.
- High bond adhesive backing included for easy installation.

Made To order

High bond adhesive attaches to surface then simply slide left or right to change message.

Open/Closed Signs - Flipper

Simply flip to change message.

- Printed 2 sides on 900 micron high gloss PVC.
- Flip from open on one side to show closed on reverse.
- For internal glass mounting.
- Custom sizes and shapes available.
- Simple vacuum sucker allows repositioning in seconds.

Made To order

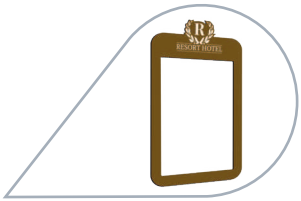
Vacuum sucker.

Custom shapes available.

Headliner

High visibility fixed poster display for windows.

Magnetic seals make it quick and easy to change posters.



Custom shapes and sizes available.

- Single or double-sided poster display.
- Mounted directly to inside of glass with pre-applied clear double sided tape.
- No need for messy Sellotape or Blu Tack.
- Prime positioning for permanent brand presence.
- Hard wearing poster wallet* with magnetic seals ensures poster stays clean, dry and presentable.
- Made to order standard sizes:: A4, A3, A2, A1 and 20" x 30".
- Available with square or rounded corners, with or without headers.
- Custom shapes and sizes available made to order (minimum order quantity 25).

* PVC poster wallet for sizes: A4, A3, A2 and 20" x 30". Polycarbonate poster wallet for A1 size.

Recyclable: PVC and polycarbonate

Instruction Video

mixed display combinations
e.g. 4 x A5 with 6 x 1/3A4 (DL).

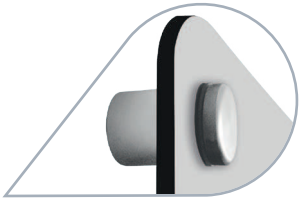
Wall Mounted Information Displays

Fully customisable combination poster and leaflet information boards.

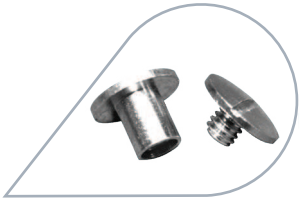
Fully Recyclable

Our high-quality offer is based on a choice of 3 back panel materials with a set of stainless steel stand-off fixings:

- **5mm Clear Acrylic** – plus clear acrylic poster holders and/or clear injection moulded styrene brochure holders.
- **5mm Frosted Acrylic** – plus clear acrylic poster holders and/or clear injection moulded styrene brochure holders.
- **3mm Satin White Aluminium Composite (ACM)** – plus silver anodised Minimus snapframe poster holders and/or clear injection moulded styrene brochure holders.
- Displays are individually packed with poster frames pre-fitted and brochure holders packed separately for fitting on site (to avoid damage).
- Panels are pre-drilled for both brochure holder attachment and stand-off wall fixings.
- Branding areas to back panels if required.
- Poster holder options – A4, A3, A2 and A1.
- Brochure holder options – 1/3 A4, A5 and A4.
- Made to order.

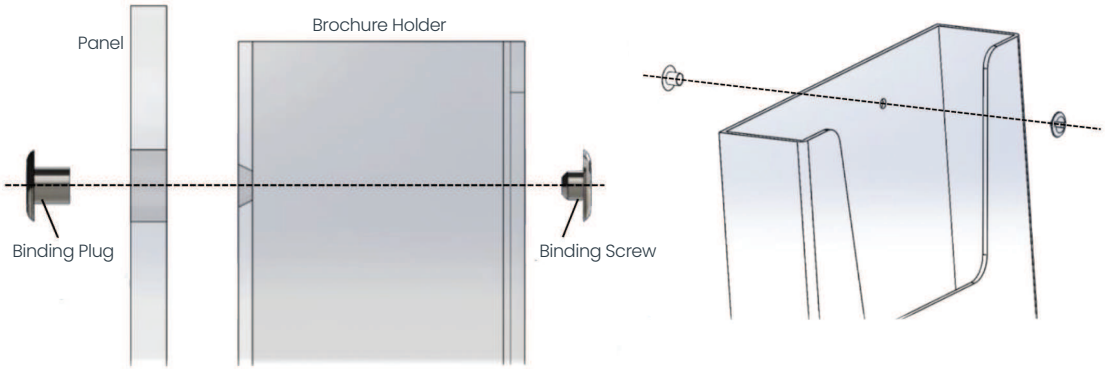


Stainless Steel stand-off fixings.



Secure screw fasteners for literature pockets.

Literature Pocket Fixing Guidance

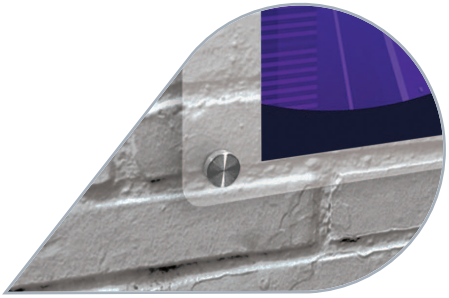


Fastener mounting – literature holders can be replaced individually if required

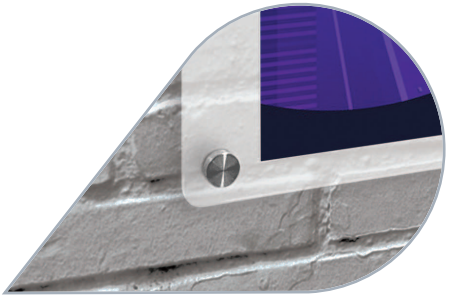
Individually select elements to create your perfect Wall Mounted Information Display.

Choose your back panel material:

3mm satin white aluminimum composite (ACM)

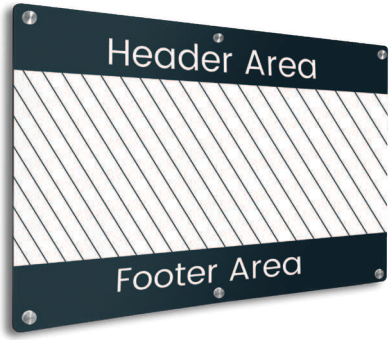


5mm clear acrylic



5mm frosted acrylic

Would you like any print on the back panel?



Header and/or footer area.

Print available anywhere on the back panel.

Choose your size and quantity of poster holders:

For Aluminium Composite Material back panels:

A4, A3, A2 or A1 Minimus Snapframes.

For Clear/Frosted Acrylic back panels:

A4, A3, A2 or A1 Acrylic Poster Holders.

Choose your size and quantity of brochure holders:

Indoor
Suspended/Hanging

For suspended window and ceiling display our Poster Hanger and Poster Clamp are low-cost industry standards. Poster Hanger would be our first choice for window dressing applications due to its narrow visual profile and matching double-sided appearance whilst the heavier duty Poster Clamp is suited to larger banners in-store and over aisles.

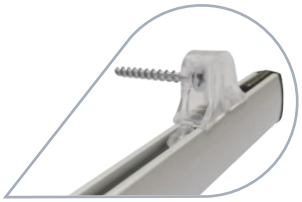
Both of these 'banner rail' products grip the suspended graphic along the top and bottom edge and provide a professional hanging solution for a range of materials and are easy to update. Importantly they keep the graphic straight and hanging true, unlike unsupported card which has a tendency to warp and bend.

Whether floor or wall space is at a premium or not, ceiling suspended advertising makes a lot of sense, in larger stores in particular. Mounted well above head height suspended displays are guaranteed to draw attention to promotions and is where customers will naturally look for navigational guidance around the store.

If you have lower level suspended ceilings with integrated lighting check out Freelight Plus – probably the lowest cost illuminated display available!

Poster Hanger

Perfect for paper, flexible banner materials and rigid plastics up to 1mm thick.

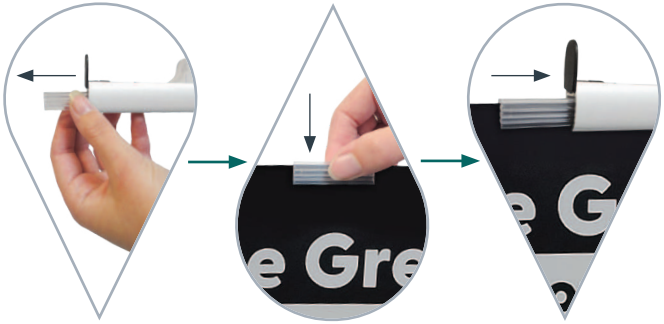


Adjustable hanging clips with key hole cut-outs for optional wall mounting.

- Plastic grippers make it easy to insert and remove graphics.
- The favourite choice of retailers for window suspended posters.
- Silver anodised finish as standard.
- Custom sizes and colours available made to order (minimum order quantity 25).
- Cable hanging kit available (see page 203).

Each set consists of:

- 2 aluminium rails (slim 20mm wide) with end caps and poster/banner grippers (2-7 per rail depending on size).
- Adjustable hanging clips on top rail.



Remove grippers from rail. Push onto poster. Insert back into rail.

Recyclable: aluminium rails

Poster/Panel Width (mm)	300 (e.g. A4 or A3)	420 (e.g. A3 or A2)	600 (e.g. A2 or A1)	850 (e.g. A1 or A0)	1200
Weight (kg)	0.15	0.2	0.25	0.35	0.5
Order Code	PFX300	PFX420	PFX594	PFX841	PFX1200

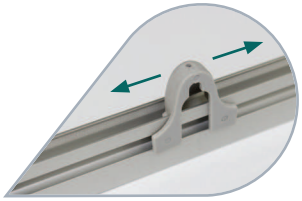
Poster Clamp

Heavy duty gripping action for materials up to 0.5mm thick.

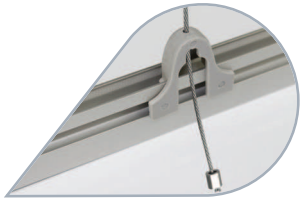
- Ideal for large/heavy weight posters, banners and textiles up to 500 micron thick. For suspending or wall hanging.
- Each set consists of 2x 25mm aluminium rails and 2 adjustable hanging clips.
- Silver anodised finish as standard.
- Custom sizes and colours available made to order (minimum order quantity 25).

Open clamping rail and insert poster edge.

Close clamping rail.



Adjustable hanging clips with key hole cut-out for wall mounting, plus cable hole.



Cable hanging kit available (page 203).

Recyclable: aluminium rails

Poster/Banner Width (mm)	500	700	1000
Weight (kg)	0.5	0.65	0.95

Freelight Plus

EU Design Registration No. 000433131

Double-sided ceiling mounted display.

- No electricity. No maintenance. Probably the cheapest illuminated display available. Uses existing in-store lighting for illumination.
- Flat-pack design – easy to assemble and install.
- Graphic inserts are quick and easy to update.
- Printed inserts available.

Each kit includes:

- Crystal clear outer lens panel.
- Opal 'lampshade' PVC insert- ideal for translucent vinyl or printed graphics.
- Pair of satin white end caps.
- 2 ceiling hooks and 2 styles of button eyelets.

Recyclable: ABS end caps, polypropylene outer lens panel

O/A Dimensions (w x h x d mm)	Weight (kg)	Order Code
648 x 256 x 226	1.3	FREELIGHTUNB

Custom coloured and/or pad printed end caps available made to order (minimum order quantity 500).

+

=

Existing Lighting

Suspended ceilings offer prime advertising space and, with existing lighting, are perfect for Freelight Plus.

Freelight Plus

With no need for wires or power, Freelight Plus is quick to assemble and simply hooks into place using the fixing kit supplied.

High impact, low cost advertising

Most of the benefits of a traditional lightbox, but without the cost and inconvenience!

Magnetic POS Flag Arm

Strong magnetic bracket attaches to any steel surface.

- Sometimes referred to as a Magnetic Aisle Flag Holder or Magnetic Aisle Fin.
- Perfect for double-sided projecting shelf messaging in supermarket and shopping aisles.
- For 210mm wide hanging graphic. Min height 297mm (A4) up to 1400mm.
- No mechanical fixings or adhesives – can be easily repositioned if required.
- Preassembled and ready to use straight out of the box.
- 180 degree base rotation allows mounting to horizontal or vertical surfaces.
- Clear polycarbonate sliding hanging hooks to suit variable graphic hole positioning.
- Quick and easy graphic change.
- Suitable for single-sided or double-sided promotional messaging in paper or lightweight card or banner fabrics.
- Minimum order quantity 5.
- Print service available. Our standard double sided graphic offer is 610gsm lightblock PVC.

Magnetic bracket and release button to rotate flag arm.

Mount to horizontal or vertical surfaces.

Ideal for supermarket shelving advertising.

65% of the world's coffee is drunk with different additives (milk, cream, spices, alcohol, sugar, salt, cinnamon, lemon)
35% of all coffee in the world is drunk without additives (black coffee without sugar and cream)
1 person in the world per day drinks 3 cups of coffee

Indoor
Counter/Table/Shelf

Promotion at the retail shelf display, fixture, service counter, bar or table comes in many forms.

The display products in this section, whether generic or specialist in terms of their market orientation, can be very simple in their form and function, but that doesn't mean we don't give them the same 'design for quality' considerations we apply to all our products.

Lightweight products that are often handled daily and prone to be knocked over or dropped on the floor need to be hard-wearing, durable, hygienic and easy to clean. Minimalist design is as much about optimising the promotion or message as it is about low cost manufacture.

From ticket and menu holders to freestanding leaflet dispensers, poster displays and chalkboards there is a wide choice of solutions for updatable messaging. Counterstand Snapframes, Grip Talker and Grip Chalkers and Pivot Gripper are worthy of particular attention.

When it comes to permanently printed solutions for brand endorsement, or to stimulate a call to action at the point of sale, there are low cost Shelf Wobblers to premium acrylic Brand Blocks, Bar Runners and Counter Mats available.

Overture Menu Holder

Crystal clear menu holders for double sided paper inserts.

- Crystal clear injection moulded styrene.
- Designed for style and strength.
- Oval bases with round edges, stylish and easy to clean.
- Finger cut out on top edge, making it quick and easy to change inserts.

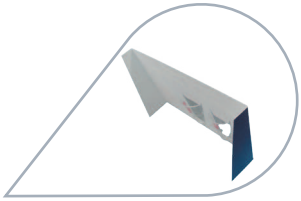
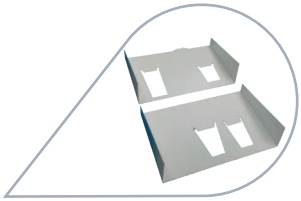
Ideal for drink brands.

- Effective point of sale display. Informative and visually appealing.
- Precise cut-outs tailored to cup or drinks dispenser. Could suit other products/markets.
- High impact polystyrene - lightweight and easy to clean.
- Made to order, minimum order quantity 25.



Rear integrated struts offer stability and set optimised viewing angle.



Custom-cut apertures to receive each unique shaped item.

Fully Recyclable

Pivot Grippers

Showcard mounting – ideal for chillers, product displays, shelving gondolas and counters.

- Simply stick to any smooth surface, insert your promotional material and angle as desired.
- Creates a show card position on any horizontal or vertical mounting surface.
- Clear polycarbonate design ensures nothing spoils the view of your showcard or product information.
- Accepts card and other sheet materials between 0.8 and 2mm thick.
- Strong 3M self adhesive mounting pad sticks reliably to varied smooth surfaces.
- Adjusts 190 degrees through 10 positions for the very best display angle.
- Sold in packs of 20.
- For a complete solution we would be delighted to quote for your printed showcards too (minimum order quantity 10).

Print Services, Printed Posters and Printed Backlit Poster Films

Printed advertising materials are as relevant today, in our world of fragmented digital marketing, as they have ever been. Whether on the printed page or a shop front sign, banner or window sticker, print is reassuring, tangible, credible and engaging, and remains an excellent way to establish and reinforce your brand.

When it comes to applying this to point of sale, events or exhibition graphics, and in particular to longer-life outdoor-durable applications, we are masters at the art.

In addition to the branding that is applied to the majority of the products in this brochure we also offer outdoor durable Printed Posters and have recently introduced high quality Printed Backlit Poster Films, sometimes referred to as a 'Duratrans', for absolutely stunning illuminated promotion indoors and out. There is more information on Printed Posters and Printed Backlit Poster Films at the end of this section.

Our Print Capabilities

From our 67,000 square foot production facility, we offer screen, digital and dye-sublimation print supported by a variety of finishing processes.

Despite the rise of digital print technology, our screen printing department is as busy as ever. These two print processes very much complement one another to offer customers the best of both worlds.

The inks we use across all processes are generally eco-friendly water-based and UV cured, offering a minimum of 2 years of outdoor life. An extended life of 5+ years can be achieved from solvent based screen inks for more permanent signage installations.

Colour Management

As part of our ISO quality management system we operate advanced ColourServer and SmartProfiler colour management to standardise colour profiles and printer calibrations for different output devices. Although fairly common in the off-set/litho print media sector, systems such as this are far less common, but no less important, for large format and digital print.

The benefit to our customers is:

- Consistent colour reproduction across different medias and outputs.
- Improved quality – such as optimised matching of Pantone colours from CMYK/mixed colour digital output.
- The system is also used to calibrate monitors in our artwork department allowing us to produce reliable visual representations of artwork files for proofing and production checks.

Varnish Over-Print

Although varnish is not essential, we sometimes recommend it for signage intended for outdoor use. As digital print is naturally matt, the finish is more inclined to attract dirt which can dull the image.

Benefits of varnish include:

- Enriched colour vibrancy and depth.
- Added protection from dirt and atmospheric pollution.
- Will help to repel dirt and keep the print looking brighter longer.
- Improved scuff and scratch resistance.
- Improved resistance to chemicals and solvents.
- Adds gloss.

Digital Printing

Some of the benefits of digital print:

- Full-colour photographic images
- High definition close-up viewing
- One-offs/short runs and sampling
- Printing onto uneven/textured surfaces
- Multiple/variable designs in a run

Digital printing offers faster turn-around and lower cost than screen on smaller runs because set-up times are minimal. Your digital artwork files once checked are ripped to one of our flat-bed or roll-fed printers which print all colours in a single pass. We control output definition and ink percentage depending on intended use or viewing distance.

Our state of the art flat-bed printers are able to offer a variety of finishes including spot varnish. For further details talk to our sales team.

It is very common for us to print a mixture of digital and screen processes to optimise the result and to produce the perfect reproduction of a customer's artwork. Digital is added for full colour elements and screen to add spot Pantone colours and/or varnish.

Screen Printing

Some of the benefits of screen print:

- Precise Pantone or spot colour matching.
- Bold, vibrant colours and text due to thicker ink deposits.
- Simple spot or line colour designs.
- Extended outdoor life.
- Adding varnish to screen or digital prints to enrich colour, add gloss and increase protection.

Screen is not suited to short runs. Artwork has to be colour separated from which a separate film and screen stencil is produced resulting in what can be prohibitive origination/set-up costs.

We manage artwork files and colour separations in-house and produce our own films and screens which keeps costs to a minimum.

Dye-Sublimation

Textile & fabric printing.

Unlike other printing techniques that layer ink onto a surface, dye-sublimation forces the ink to penetrate into the material by use of heat - a heat fixation process. It is used widely and especially for textiles (soft signage) to produce flags, banners and retail/exhibition graphics.

Benefits of dye sublimation:

- Highly scuff resistant as a result of being fixed into the media.
- Produces graphics on textiles that can be washed and folded without fear of damage.
- On thinner fabrics it produces excellent show-through. Although a mirror image on the reverse it is ideal for the likes of double-sided Flying Banners, producing a colour vibrancy on the rear that can be impossible to distinguish from the front.

Printed Posters

We offer a competitive, fast turnaround printed poster service on quantities from one!

- Premium matt white 185mic/155gsm polypropylene poster film.
- Competitively priced outdoor poster solution.
- Waterproof, tearproof and highly durable.
- Ideal for indoor and minimum 3 - 6 month outdoor use.
- Exceptional print quality.
- All common poster sizes available.
- Custom sizes available.

For a small additional cost posters can be preloaded in your sign or poster frame prior to despatch.
Please call our sales team for more information.

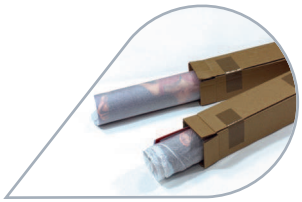
Printed Backlit Poster Films

Sometimes referred to as a Duratrans or Lightbox Poster these are stunning translucent printed film inserts for 'backlit' lightboxes. The optimised combination of media film, print definition and ink saturation delivers stand-out illuminated graphics of the highest quality.

- Ideal for lobby/reception, menu display, trade outlets, showrooms, shopping malls, airports/duty free, motorway services, casinos, cinemas, restaurants and takeaways, museum and gallery, retail stores, trade show exhibit halls, etc.
- Perfect for lifestyle photos in luxury goods promotion.
- Circa 200 micron polyester film with special diffusion coating.
- Indoor and outdoor film options – both durable, lay-flat and tear resistant.
- Standard and custom sizes up to 1365 x 1800mm (includes 6 sheet).
- Environmentally friendly solvent-free print.

Note – Printed Backlit Poster Films will appear darker than normal, only showing their true colours, definition and brilliance once illuminated from behind.

Perfect with our range of edgelit lightboxes.



Interleaved, rolled and packed up to 5 to a carton as standard.

Outdoor Poster Materials

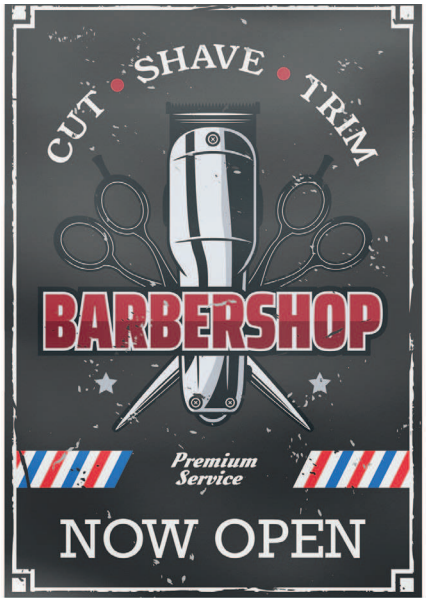
To ensure best performance against condensation/moisture ingress in outdoor poster advertising, we recommend:

When it comes to outdoors, however good a frame, display or sign holder is at protecting a poster from the weather, the poster media needs to be moisture resistant at the very minimum to help protect it from dampness in the air and worse the soaking that can take place due to condensation.

For short term (up to 3 months) use outdoors, water or moisture resistant paper, sometimes referred to as 'wet strength' paper, should be fine. It is commonly used for pasted billboard advertising.

For longer term use we would recommend synthetic paper, sometimes referred to as 'poly poster', or a plastic film media with appropriate UV and moisture resistant qualities. Laminating paper both sides in a plastic film (encapsulation) is an option but will be expensive in relative terms.

The matt white polypropylene film we use for all our outdoor posters, for short term applications too, offers excellent performance and is competitively priced, even when compared to moisture resistant paper medias.



7 top artwork tips:

- Always make sure that there is ample space around text and images - adhere to safe areas.
- Use High Resolution settings (300dpi) or Vector artwork for maximum quality.
- Utilise complementary colour schemes for inspiration.
- Embed your fonts for accurate reproduction.
- Proof your document thoroughly.
- Convert your graphic to CMYK (leave spot/pantone colours available in your artwork if used).
- Reduce heat absorption (solar gain) on outdoor poster signs by limiting regions of dark colour print.

Description of Goods

Before using any of these products, the customer shall determine the suitability of the product for its intended use, and the customer assumes all risks and liability whatsoever in connection herewith. The supplier shall not be liable either in tort or in contract for any loss or damage – direct, incidental or consequential, arising out of the use of, or the inability to use any of the products.

All specifications, drawings, illustrations, particulars of weight and dimensions issued are approximate only and do not form part of any terms, conditions or warranties of any contract. The supplier may vary such specifications, drawings, illustrations, particulars of weight and dimensions at any time and for whatever reason, without having to give a reason or explanation.
